CDL – LEADING THE BUILT ENVIRONMENT AS THE FIRST AND ONLY PLATINUM WINNER OF THE BCA BUILT ENVIRONMENT LEADERSHIP AWARDS

For its leadership position in shaping Singapore's built environment, City Developments Limited (CDL) was named Singapore's first Platinum winner of the Built Environment Leadership (BEL) Awards by the Building and Construction Authority (BCA) at the BCA Awards 2009 this evening.

The BEL Awards has been introduced for the first time to recognise organisations that have demonstrated excellence and leadership and who have significantly contributed towards shaping a safe, high-quality and sustainable built environment in Singapore.

Said Mr Kwek Leng Joo, CDL Managing Director, "For over four decades, CDL has been committed to building quality developments, creating new benchmarks of excellence in innovation and sustainability. It is indeed an honour to be recognised for our efforts as a leader of Singapore's built environment and will serve as a motivation and challenge for the Company to scale to even greater heights in the future."

CDL was also accorded a total of nine new BCA Green Mark Awards and two recertifications including another BCA Green Mark Platinum Award for the Quayside Isle Collection at Sentosa Cove (Residential). With over 30 Green Mark buildings and numerous accolades, including the only developer to be conferred the inaugural BCA Green Mark Champion in 2008 and the President's Award for the Environment in 2007, to its name, eco-consciousness is serious business for Singapore's Green Pioneer.

Mr Kwek asserted, "Building green developments is more than just placing a couple of eco-friendly features within a property. It takes concerted and sustained efforts that cut across the entire supply and development chain and its stakeholders. From design, construction, procurement, maintenance and even user engagement, the entire cycle must be aligned with environmental sustainability in mind."

The CDL Office at City House (Levels 2 & 5), as part of a BCA pilot study, also achieved a commendable BCA Green Mark for Office Interior Gold^{Plus}, a new award introduced this year to encourage corporate offices to be more eco-friendly.

Please see Annex 1 below for the full list of awards received by CDL at the BCA Awards 2009.
