ANNEXURE I

PROPOSED RENEWAL OF THE SHARE PURCHASE MANDATE

1. BACKGROUND

At the Extraordinary General Meeting of the Company held on 26 April 2006 (the “**2006 EGM**”), Ordinary Shareholders had approved, *inter alia*, the renewal of the Share Purchase Mandate to enable the Company to purchase or otherwise acquire its issued Shares. The rationale for, authority and limitations on, and the financial effects of, the Share Purchase Mandate were set out in the Company’s circular to shareholders dated 28 March 2006 and Ordinary Resolution 2 set out in the Notice of 2006 EGM.

The Share Purchase Mandate was expressed to take effect from the passing of the Ordinary Resolution at the 2006 EGM and will expire on the date of the forthcoming Forty-Fourth Annual General Meeting to be held on 26 April 2007 (the “**44th AGM**”). Accordingly, Ordinary Shareholders’ approval is being sought for the renewal of the Share Purchase Mandate at the 44th AGM.

Since the renewal of the Share Purchase Mandate at the 2006 EGM, the Company has not purchased or acquired any Shares under the Share Purchase Mandate.

3. RENEWAL OF THE SHARE PURCHASE MANDATE

3.1 Rationale for the Share Purchase Mandate.

The Share Purchase Mandate will give the Directors the flexibility to purchase Shares, if and when circumstances permit, with a view to enhancing the earnings per Ordinary Share and/or the net asset value per Ordinary Share of the Company. The Directors believe that share purchases also provide the Company and its Directors with an alternative to facilitate the return of surplus cash over and above its ordinary capital requirements and exercise greater control over the Company’s share capital structure.

The Directors further believe that share purchases may bolster confidence of Ordinary Shareholders and/or holders of Preference Shares. With the Share Purchase Mandate, the Directors will have the ability to purchase Shares on the SGX-ST, where appropriate, to stabilise the demand for the Shares and to buffer against short-term share price volatility due to market speculation.

Purchases of Shares by the Company will be made only in circumstances where it is considered to be in the best interests of the Company. Further, the Directors do not propose to carry out share purchases to such an extent that would, or in circumstances that might, result in a material adverse effect on the financial position of the Company or Group, or result in the Company being delisted from the SGX-ST.

3.2 **Authority and Limits of the Share Purchase Mandate.**

The authority and limitations placed on the purchase or acquisition of issued Shares by the Company under the Share Purchase Mandate are summarised below:

3.2.1 **Maximum Number of Shares**

Only Shares which are issued and fully paid may be purchased or acquired by the Company under the Share Purchase Mandate.

Subject to the Companies Act, the Share Purchase Mandate will authorise the Company, from time to time, to purchase such number of Shares which represent up to:

- (i) in the case of Ordinary Shares, a maximum of 10% of the total number of issued Ordinary Shares of the Company; and
- (ii) in the case of Preference Shares, a maximum of 10% of the total number of issued Preference Shares of the Company,

as at the date of the 44th AGM at which the renewal of the Share Purchase Mandate is approved.

Any of the Company's Ordinary Shares which are held as treasury shares will be disregarded for purposes of computing the 10% limit.

3.2.2 **Duration of Authority**

Purchases or acquisitions of Shares may be made, at any time and from time to time, by the Company from the date of the 44th AGM up to the earlier of:

- (i) the date on which the next annual general meeting of the Company is held or required by law to be held; or
- (ii) the date on which the authority conferred by the Share Purchase Mandate is varied or revoked in General Meeting.

3.2.3 **Manner of Purchase**

Purchases or acquisitions of Shares may be made by way of Market Purchases and/or Off-Market Purchases.

Market Purchases refer to purchases of Shares by the Company effected on the SGX-ST through the Central Limit Order Book (CLOB) trading system, through one or more duly licensed stockbrokers appointed by the Company for the purpose.

Off-Market Purchases refer to purchases of Shares by the Company made under an equal access scheme or schemes for the purchase of Shares. The Directors may impose such terms and conditions, which are not inconsistent with the Share Purchase Mandate, the Listing Manual, the Companies Act or the Memorandum and the Articles,

as they consider fit in the interests of the Company in connection with or in relation to an equal access scheme or schemes. Under the Companies Act, an equal access scheme must satisfy all the following conditions:

- (i) the offers for the purchase or acquisition of shares under the scheme are to be made to every person who holds shares to purchase or acquire the same percentage of their shares;
- (ii) all of those persons have a reasonable opportunity to accept the offers made to them; and
- (iii) the terms of all the offers are the same except that there shall be disregarded:
 - (aa) differences in consideration attributable to the fact that the offers relate to shares with different accrued dividend entitlements;
 - (bb) differences in consideration attributable to the fact that the offers relate to shares with different amounts remaining unpaid; and
 - (cc) differences in the offers introduced solely to ensure that each person is left with a whole number of shares.

In addition, the Listing Manual provides that in making an Off-Market Purchase, a listed company must issue an offer document to all shareholders containing, *inter alia*:

- (1) the terms and conditions of the offer;
- (2) the period and procedures for acceptances;
- (3) the reasons for the proposed share purchases;
- (4) the consequences, if any, of share purchases by the listed company that will arise under the Take-over Code or other applicable take-over rules;
- (5) whether the share purchases, if made, could affect the listing of the listed company's shares on the SGX-ST; and
- (6) details of any share purchases made by the listed company in the previous 12 months (whether Market Purchases or Off-Market Purchases), giving the total number of shares purchased, the purchase price per share or the highest and lowest prices paid for the purchases, where relevant, and the total consideration paid for the purchases.

3.2.4 **Maximum Purchase Price**

The purchase price (excluding brokerage, stamp duties, applicable goods and services tax and other related expenses) to be paid for the Shares will be determined by the Directors. However, the purchase price must not exceed:

- (i) in the case of a Market Purchase, 105% of the Average Closing Price (as defined below); and
- (ii) in the case of an Off-Market Purchase, 120% of the Highest Last Dealt Price (as defined below),

(“**Maximum Price**”).

For the above purposes:

“Average Closing Price” means the average of the closing market prices of the Ordinary Shares or Preference Shares (as the case may be) over the last five Market Days on the SGX-ST, on which transactions in the Ordinary Shares or Preference Shares were recorded, immediately preceding the day of the Market Purchase by the Company, and deemed to be adjusted for any corporate action that occurs after such 5-Market Day period;

“Closing Market Price” means the last dealt price for an Ordinary Share or Preference Share (as the case may be) transacted through the SGX-ST’s Central Limit Order Book (CLOB) trading system as shown in any publication of the SGX-ST or other sources;

“Highest Last Dealt Price” means the highest price transacted for an Ordinary Share or Preference Share (as the case may be) as recorded on the SGX-ST on the Market Day on which there were trades in the Ordinary Shares or Preference Shares immediately preceding the day of the making of the offer pursuant to the Off-Market Purchase; and

“day of the making of the offer” means the day on which the Company announces its intention to make an offer for the Off-Market Purchase of Ordinary Shares or Preference Shares (as the case may be) from Ordinary Shareholders or holders of Preference Shares, stating the purchase price (which shall not be more than the Maximum Price for an Off-Market Purchase, calculated on the foregoing basis) for each Ordinary Share or Preference Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase.

3.3 **Source of Funds.**

In purchasing or acquiring Shares, the Company may only apply funds legally available for such purchase or acquisition in accordance with the Articles and applicable laws in Singapore. Payment may be made by the Company in consideration of the purchase or acquisition of its own Shares out of the Company’s capital as well as from its distributable profits.

The Company intends to use internal resources and/or external borrowings to finance purchases or acquisitions of its Shares under the Share Purchase Mandate. The Directors do not intend to exercise the Share Purchase Mandate to such extent as would have a material adverse effect on the working capital requirements or the gearing levels of the Group. In determining whether to undertake any purchases or acquisitions of Shares under the Share Purchase Mandate, the Directors will take into account, *inter alia*, the prevailing market conditions, the financial position of the Group and other relevant factors.

3.4 **Status of Purchased or Acquired Shares.**

Under the Companies Act, Preference Shares which are purchased or acquired by the Company will be deemed cancelled immediately on purchase or acquisition. Ordinary Shares purchased or acquired by the Company may be held or dealt with as treasury shares or cancelled. As such, cancelled Shares purchased or acquired by the Company will be automatically delisted by the SGX-ST, and certificates in respect thereof will be cancelled and destroyed by the Company as soon as practicable following settlement of any such purchase or acquisition.

Some of the provisions on treasury shares under the Companies Act are summarised below:

3.4.1 **Maximum Holdings**

The number of Ordinary Shares held as treasury shares cannot at any time exceed 10% of the total number of issued Ordinary Shares.

3.4.2 ***Voting and Other Rights***

The Company cannot exercise any right in respect of treasury shares. In particular, the Company cannot exercise any right to attend or vote at meetings and for the purposes of the Companies Act, the Company shall be treated as having no right to vote in respect of treasury shares and the treasury shares shall be treated as having no voting rights.

In addition, no dividend may be paid, and no other distribution of the Company's assets may be made, to the Company in respect of treasury shares. However, the allotment of shares as fully paid bonus shares in respect of treasury shares is allowed. Also, a sub-division or consolidation of any treasury share into treasury shares of a smaller or larger amount is allowed so long as the total value of the treasury shares after the sub-division or consolidation is the same as before.

3.4.3 ***Disposal and Cancellation***

Where Ordinary Shares purchased or acquired by the Company are held as treasury shares, the Company may at any time:

- (a) sell the treasury shares for cash;
- (b) transfer the treasury shares for the purposes of or pursuant to an employees' share scheme;
- (c) transfer the treasury shares as consideration for the acquisition of shares in or assets of another company or assets of a person;
- (d) cancel the treasury shares; or
- (e) sell, transfer or otherwise use the treasury shares for such other purposes as may be prescribed by the Minister for Finance.

3.5 **Financial Effects.**

The financial effects on the Company and the Group arising from purchases or acquisitions of Shares which may be made pursuant to the proposed Share Purchase Mandate will depend on, *inter alia*, whether the Shares are purchased or acquired out of capital or distributable profits of the Company, the aggregate number of Shares purchased or acquired, the consideration paid at the relevant time and whether the Shares purchased or acquired are held in treasury or cancelled. The financial effects on the Company and the Group based on the audited financial accounts of the Group for the financial year ended 31 December 2006 are based on the assumptions set out below:

3.5.1 ***Purchase or Acquisition out of Capital or Distributable Profits***

Under the Companies Act, purchases or acquisitions of Shares by the Company may be made out of the Company's capital or distributable profits so long as the Company is solvent.

Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of distributable profits, such consideration (excluding related brokerage, goods and services tax, stamp duties and clearance fees) will correspondingly reduce the amount available for the distribution of cash dividends by the Company. Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of capital, the amount available for the distribution of cash dividends by the Company will not be reduced.

The purchases or acquisitions of Shares by the Company will reduce the cash reserves and/or increase the borrowings of the Company and the Group, thereby reducing the working capital and shareholders' funds of the Company and the Group. As a result of this, the gearing ratio of the Company and the Group will increase and the current ratios will decrease on the assumption that the additional external borrowings obtained, if any, are classified as current liabilities.

3.5.2 *Maximum Price Paid for Shares Acquired or Purchased*

Based on the existing number of issued Ordinary Shares and Preference Shares in the capital of the Company as at the Latest Practicable Date, the exercise in full of the Share Purchase Mandate would result in the purchase of 90,930,133 Ordinary Shares (representing 10% of the total number of issued Ordinary Shares in the capital of the Company) and 33,087,425 Preference Shares (representing 10% of the total number of issued Preference Shares in the capital of the Company).

In the case of Market Purchases by the Company and assuming that the Company purchases or acquires the 90,930,133 Ordinary Shares at the Maximum Price of \$13.96 for one Ordinary Share (being the price equivalent to 5% above the Average Closing Price as at the Latest Practicable Date) and the 33,087,425 Preference Shares at the Maximum Price of \$2.34 for one Preference Share (being the price equivalent to 5% above the Average Closing Price as at the Latest Practicable Date), the maximum amount of funds required for the purchase or acquisition of the 90,930,133 Ordinary Shares and 33,087,425 Preference Shares is approximately \$1,347 million.

In the case of Off-Market Purchases by the Company and assuming that the Company purchases or acquires the 90,930,133 Ordinary Shares at the Maximum Price of \$16.20 for one Ordinary Share (being the price equivalent to 20% above the Highest Last Dealt Price as at the Latest Practicable Date) and the 33,087,425 Preference Shares at the Maximum Price of \$2.69 for one Preference Share (being the price equivalent to 20% above the Highest Last Dealt Price as at the Latest Practicable Date), the maximum amount of funds required for the purchase or acquisition of the 90,930,133 Ordinary Shares and 33,087,425 Preference Shares is approximately \$1,562 million.

3.5.3 *Whether the underlying Shares are cancelled or held in treasury*

The financial effects on the Group arising from purchases or acquisitions of Shares will also depend on whether the Shares purchased or acquired are cancelled or held in treasury.

For illustrative purposes only, on the basis that the Company purchases or acquires 90,930,133 Ordinary Shares and 33,087,425 Preference Shares by way of Market Purchases made out of profits and/or capital and held in treasury for Ordinary Shares purchased or acquired and cancelled for Preference Shares purchased or acquired, and that the Share Purchase Mandate had been effective on 1 January 2006, the financial effects on the audited financial accounts of the Group and the Company for the financial year ended 31 December 2006 would have been as follows:

Market Purchases made out of profits and/or capital and held in treasury for Ordinary Shares purchased or acquired and cancelled for Preference Shares purchased or acquired

⁽¹⁾ Assuming no Preference Shares are converted.

⁽²⁾ Assuming the purchases or acquisitions of Ordinary Shares and Preference Shares are funded using all available cash and cash equivalents (excluding project accounts) of the Company and the balance via short term bank borrowings. For the purpose of this calculation, we have not taken into account any interest foregone on the utilised cash and cash equivalents, or any interest payable on the additional borrowings.

⁽³⁾ Net borrowings refers to the aggregate borrowings from banks and financial institutions, and finance lease creditors, after deducting cash and cash equivalents. Unamortised balance of transaction costs have not been deducted from the gross borrowings.

⁽⁴⁾ Basic EPS is based on the net attributable profit to ordinary shareholders and the weighted average number of Ordinary Shares.

⁽⁵⁾ Net gearing is computed based on the ratio of net borrowings to shareholders' funds.

⁽⁶⁾ Current ratio is computed based on the ratio of current assets to current liabilities.

⁽⁷⁾ Number of Ordinary Shares refers to number of issued and paid-up Ordinary Shares as at Latest Practicable Date.

⁽⁸⁾ The funds used for effecting the number of Shares acquired or purchased are taken from capital (50%) and out of accumulated profits (50%).

Shareholders should note that the financial effects set out above, based on the respective aforementioned assumptions, are for illustration purposes only. In particular, it is important to note that the above analysis is based on the latest audited financial statements of the Group for the financial year ended 31 December 2006, and is not necessarily representative of the future financial performance of the Group or the Company. In addition, the actual impact will depend on the actual number and price of Shares that may be acquired or purchased by the Company as well as how the purchase or acquisition is funded, and the Company may not carry out the Share Purchase Mandate to the full 10% mandate.

3.6 Taxation.

Purchase or Acquisition of Ordinary Shares

Under Section 10J of the Income Tax Act, a Singapore company which purchases or acquires its own ordinary shares using its distributable profits is deemed to have paid a dividend to its shareholders from whom the shares are purchased. Where a company purchases or acquires its own ordinary shares using its distributable profits under the Companies Act, it will therefore be regarded as having paid a dividend to shareholders from whom such shares are purchased or acquired. Where a company acquires or purchases its ordinary shares using its contributed capital, the payment made to shareholders shall not be regarded as a payment of dividends to shareholders.

So long as the company is on the imputation system of corporate taxation, the company would be able to pay (a) exempt dividend out of its exempt dividend account; or (b) taxable dividends in accordance with the provisions of Section 44A of the Income Tax Act. Taxable dividends paid or deemed paid by the company pursuant to Section 44A would need to be franked at the prevailing corporate tax rate (18% as per the Budget 2007 announcement).

At the earlier of (a) the election made by the company to opt out of the imputation system; (b) the exhaustion of the Section 44A franking credits; and (c) 31 December 2007, the company will fall under the one-tier tax regime for the payment of dividend. Under this regime, all dividends paid by the company out of its distributable reserves would be tax exempt in the hands of shareholders.

The tax treatment of the receipt from a share purchase in the hands of shareholders is set out below.

Where the buyback is undertaken by way of a Market Purchase through a special trading counter established by the SGX-ST, to the extent that the payment is not made out of the contributed capital of the company, the proceeds received by a shareholder will be regarded as a dividend if:

- (a) the shares sold through the special trading counter were not acquired by the shareholder through any securities lending or repurchase arrangement;
- (b) the shareholder has beneficially owned the shares for a continuous period of at least 183 days ending immediately before the day of the sale of the shares through the special trading counter;
- (c) the shareholder has furnished to the Comptroller of Income Tax, or such other person as the Comptroller of Income Tax may direct, a declaration relating to the ownership and other particulars of the shares sold in such form and manner as may be approved by the Comptroller of Income Tax; and

- (d) the company has complied with such requirements as may be imposed by the Comptroller of Income Tax.

Where the buyback is undertaken by way of an Off-Market Purchase in accordance with an equal access scheme authorised in advance by the company in general meeting, to the extent that the payment is not made out of the contributed capital of the company, the proceeds received by the shareholder will be regarded as a dividend provided that the shareholder has not obtained the shares under a securities lending or repurchase arrangement.

In all other cases, the proceeds that the shareholder receives from the buyback will be treated as proceeds from the disposal of shares and not a dividend. Whether or not such proceeds are taxable in the hands of such shareholders will depend on whether such proceeds are receipt of an income or capital nature. Where the proceeds received by the shareholder is treated as a dividend, and the dividend is paid under the imputation system, shareholders will be assessed to tax on the gross amount of the notional dividend and be allowed a credit-franking amount (18% as per the Budget 2007 announcement) of the gross dividend.

Preference Shares Redemption

As the Preference Shares are non-redeemable, Section 10K of the Income Tax Act detailing the tax consequences of redemption of redeemable shares is not relevant.

Purchase or Acquisition of Preference Shares

Under Section 10M of the Income Tax Act, a Singapore company which purchases or acquires its own shares of a preferential nature using its distributable profits is deemed to have paid a dividend to its shareholders from whom the shares of a preferential nature are purchased or acquired. Where a company purchases or acquires its own shares of a preferential nature using its distributable profits under the Companies Act, it will therefore be regarded as having paid a dividend to shareholders from whom such shares are purchased or acquired. Where a company acquires or purchases its own shares of a preferential nature using its contributed capital, the payment made to shareholders shall not be regarded as a payment of dividends to shareholders.

So long as the company is on the imputation system of corporate taxation, the company would be able to pay (a) exempt dividend out of its exempt dividend account; or (b) taxable dividends in accordance with the provisions of Section 44A of the Income Tax Act. Taxable dividends paid or deemed paid by the company pursuant to Section 44A would need to be franked at the prevailing corporate tax rate (18% as per the Budget 2007 announcement). This would be the requirement until the company falls under the one-tier tax regime, as described in the preceding section on "Purchase or Acquisition of Ordinary Shares".

Notwithstanding that any purchase or acquisition by a company of its shares of a preferential nature would be regarded as the payment of a dividend from the company's perspective, the receipt from such purchase or acquisition in the hands of the relevant shareholders would not be deemed to be dividends.

Shareholders should note that the foregoing does not constitute, and should not be regarded as constituting, advice on the tax position of any Shareholder. Shareholders who are in doubt as to their respective tax positions or any tax implications, including those who may be subject to tax in a jurisdiction outside Singapore, should consult their own professional advisers.

3.7 Listing Manual.

The Listing Manual specifies that a listed company shall report all purchases or acquisitions of its shares to the SGX-ST, in such reporting format as prescribed by the SGX-ST or the Listing Manual, not later than 9.00 a.m. (a) in the case of a Market Purchase, on the Market Day following the day of purchase of any of its shares; and (b) in the case of an Off-Market

Purchase under an equal access scheme, on the second Market Day after the close of acceptances of the offer. The Listing Manual restricts a listed company from purchasing shares by way of a Market Purchase at a price which is more than 5% above the Average Closing Market Price (as defined in Paragraph 3.2.4 of this Annexure I). Hence, the Maximum Price for the purchase or acquisition of Shares by the Company by way of a Market Purchase complies with this requirement.

Although the Listing Manual does not prescribe a maximum price in relation to purchase or acquisition of shares by way of an Off-Market Purchase, the Company has set a cap of 20% above the Highest Last Dealt Price of an Ordinary Share or Preference Share (as the case may be) as the Maximum Price for an Ordinary Share or Preference Share to be purchased or acquired by way of an Off-Market Purchase.

While the Listing Manual does not expressly prohibit any purchase or acquisition of shares by a listed company during any particular time or times, the Company will not undertake any purchase or acquisition of Shares pursuant to the Share Purchase Mandate at any time after any matter or development of a price sensitive nature has occurred or has been the subject of a decision until such price sensitive information has been publicly announced. In particular, in line with the Company's Internal Code On Securities Trading, the Company will not purchase or acquire any Shares during the period of two weeks before the announcement of the Company's financial statements for each of the first three quarters of its financial year, and one month before the announcement of the Company's financial statements for the full financial year (as the case may be).

The Listing Manual requires a listed company to ensure that at least 10% of any class of its listed equity securities (excluding preference shares and convertible equity securities) is at all times held by public shareholders. Under the Listing Manual, "public" is defined as persons other than the directors, substantial shareholders, chief executive officer or controlling shareholders of the company and its subsidiaries, as well as the associates of such persons.

As at the Latest Practicable Date, approximately 51.18% of the issued Ordinary Shares were held by public Ordinary Shareholders. In the event that the Company purchases the maximum of 10% of its issued Ordinary Shares from such public Ordinary Shareholders, the resultant percentage of the issued Ordinary Shares held by public Ordinary Shareholders would be reduced to approximately 45.76%. Accordingly, the Directors are of the view that there is, at present, a sufficient number of Ordinary Shares in issue held by public Ordinary Shareholders that would permit the Company to potentially undertake purchases or acquisitions of the Ordinary Shares through Market Purchases up to the full 10% limit pursuant to the Share Purchase Mandate without affecting adversely the listing status of the Ordinary Shares on the SGX-ST, and that the number of Ordinary Shares remaining in the hands of the public will not fall to such a level as to cause market illiquidity or adversely affect orderly trading of the Ordinary Shares.

3.8 Obligation to Make a Take-Over Offer.

- (a) As the Preference Shares do not carry general voting rights, there will be no Take-over Code implications arising from the purchase or acquisition by the Company of Preference Shares pursuant to the Share Purchase Mandate.
- (b) If, as a result of any purchase or acquisition of Ordinary Shares made by the Company under the Share Purchase Mandate, an Ordinary Shareholder's proportionate interest in the voting capital of the Company increases, such increase will be treated as an acquisition for the purpose of Rule 14 of the Take-over Code. Consequently, an Ordinary Shareholder or group of Ordinary Shareholders acting in concert could obtain or consolidate effective control of the Company and become obliged to make a take-over offer for the Company under Rule 14.

Under the Take-over Code, persons acting in concert comprise individuals or companies who, pursuant to an agreement or understanding (whether formal or informal), cooperate, through the acquisition by any of them of shares in a company, to obtain or consolidate effective control of that company. Unless the contrary is established, the following persons will, *inter alia*, be presumed to be acting in concert: (a) a company with any of its directors (together with their close relatives, related trusts as well as companies controlled by any of the directors, their close relatives and related trusts); and (b) a company, its parent, subsidiaries and fellow subsidiaries, and their associated companies and companies of which such companies are associated companies, all with each other. For this purpose, a company is an associated company of another company if the second-mentioned company owns or controls at least 20% but not more than 50% of the voting rights of the first-mentioned company.

The circumstances under which Ordinary Shareholders, including Directors, and persons acting in concert with them, respectively, will incur an obligation to make a take-over offer after a purchase or acquisition of Ordinary Shares by the Company are set out in Rule 14 and Appendix 2 of the Take-over Code.

In general terms, the effect of Rule 14 and Appendix 2 of the Take-over Code is that unless exempted (or if exempted, such exemption is subsequently revoked), Directors and persons acting in concert with them will incur an obligation to make a take-over offer under Rule 14 if, as a result of a purchase or acquisition of Ordinary Shares by the Company:

- (i) the percentage of voting rights held by such Directors and their concert parties in the Company increase to 30% or more; or
- (ii) if the Directors and their concert parties hold 30% or more but less than 50% of the Company's voting rights, and their voting rights increase by more than 1% in any period of six months.

Under Appendix 2 of the Take-over Code, an Ordinary Shareholder not acting in concert with the Directors will not be required to make a take-over offer under Rule 14 if, as a result of the Company purchasing its Ordinary Shares, the voting rights of such Ordinary Shareholder would increase to 30% or more, or, if such Ordinary Shareholder holds 30% or more but less than 50% of the Company's voting rights, the voting rights of such Ordinary Shareholder would increase by more than 1% in any period of six months. Such Ordinary Shareholder need not abstain from voting in respect of the resolution authorising the Share Purchase Mandate.

Shareholders who are in doubt as to whether they would incur any obligation to make a take-over offer under the Take-over Code as a result of any purchase or acquisition of Ordinary Shares by the Company pursuant to the Share Purchase Mandate are advised to consult their professional advisers and/or the SIC at the earliest opportunity.

3.9 **Certain General Take-Over Code Implications Arising from the Share Purchase Mandate.**

Based on information available to the Company as at the Latest Practicable Date, HLIH and its concert parties ("**HLIH Concert Parties**") hold approximately 49.35% of the total number of issued Ordinary Shares in the capital of the Company.

Assuming that there is no change in the said shareholding interests of the HLIH Concert Parties in the Company, the acquisition by the Company of the maximum 90,930,133 Ordinary Shares (being 10% of the total number of issued Ordinary Shares in the capital of the Company as at the Latest Practicable Date) from Ordinary Shareholders other than the HLIH Concert Parties, will result in their collective shareholding interests increasing from 49.35% to 54.84%. In addition, if the Company were to exercise its right to convert the Preference Shares into Ordinary Shares, the percentage shareholding of the HLIH Concert Parties may also increase (depending on whether and the extent to which, the Company converts the Preference Shares into Ordinary Shares).

Based on the above information as at the Latest Practicable Date, the percentage of voting rights held by the HLIH Concert Parties in the Company may be increased by more than 1% in any 6-month period as a result of acquisition of Ordinary Shares by the Company pursuant to the Share Purchase Mandate and/or the conversion of the Preference Shares. However, in general terms, the HLIH Concert Parties will not be obliged under the Take-over Code to make a take-over offer for the Ordinary Shares even if their aggregate shareholdings were to so increase by more than 1% in any 6-month period, provided that their collective shareholdings amount to more than 49% for at least six months prior to such increase. As at the Latest Practicable Date, the HLIH Concert Parties have collectively held more than 49% of the Company for more than six months.

The HLIH Concert Parties has made an application to SIC and it has been confirmed by SIC, *inter alia*, that no take-over obligation will arise even if any individual member or sub-group within the HLIH Concert Parties group increases its holding to 30% or more, or if already holding between 30% and 50%, acquires further voting rights in the Company sufficient to increase its holding by more than 1% in any 6-month period.

Save as disclosed above, based on the Register of Substantial Shareholders of the Company as at the Latest Practicable Date, the Directors are not aware of any substantial shareholder (together with persons acting in concert with it) who would become obliged to make a mandatory take-over offer for the Company under the Take-over Code in the event that the Company purchases the maximum 90,930,133 Ordinary Shares pursuant to the Share Purchase Mandate.

4. RECOMMENDATION

For the reasons set out in Section 3 of Annexure I, the Directors recommend that Ordinary Shareholders vote in favour of the Ordinary Resolution 8 for the renewal of the Share Purchase Mandate at the forthcoming 44th AGM.

ANNEXURE II

PROPOSED RENEWAL OF THE IPT MANDATE FOR INTERESTED PERSON TRANSACTIONS

1. BACKGROUND

On 29 May 2003, the Company obtained shareholders' approval at an Extraordinary General Meeting of the Company ("**2003 EGM**") for the Company, its subsidiaries and its associated companies not listed on the Singapore Exchange Securities Trading Limited ("**SGX-ST**") or an approved exchange, over which the Company, its subsidiaries and/or interested persons have control (collectively "**CDL EAR Group**"), to enter into transactions within the categories of Interested Person Transactions set out in the Company's circular to shareholders dated 28 April 2003, with such persons within the class or classes of Interested Persons as described in the said circular, provided that such transactions are entered into in accordance with the review procedures set out in the said circular (the "**IPT Mandate**"). The IPT Mandate was renewed at the Company's 41st Annual General Meeting held on 29 April 2004, the 42nd Annual General Meeting held on 27 April 2005 and the 43rd Annual General Meeting held on 26 April 2006 (the "**43rd AGM**"). Given that such Interested Person Transactions are expected to occur with some degree of frequency and may arise at any time, and to allow the Group to undertake such transactions in an expeditious manner, shareholders' approval will be sought at the coming 44th AGM of the Company for the renewal of the IPT Mandate.

2. RENEWAL OF THE IPT MANDATE

Under Chapter 9 of the Listing Manual, a general mandate for transactions with interested persons is subject to annual renewal. The IPT Mandate approved at the 43rd AGM was expressed, unless revoked or varied by the Company in general meeting, to continue in force until the next Annual General Meeting of the Company, being the 44th AGM, which is to be held on 26 April 2007. Accordingly, it is proposed that the IPT Mandate be renewed at the 44th AGM, to take effect until the conclusion of the next annual general meeting of the Company to be held after the 44th AGM.

The nature of the Interested Person Transactions and the classes of Interested Persons in respect of which the IPT Mandate is sought to be renewed remain unchanged.

Particulars of the IPT Mandate, including the rationale for, the benefits to be derived by the Company, as well as the review procedures for determining transaction prices with the specified classes of Interested Persons and other general information relating to Chapter 9 of the Listing Manual, are set out in Appendix A.

3. INTERESTED PERSON TRANSACTIONS CONDUCTED IN THE YEAR ENDED 31 DECEMBER 2006

Interested Person Transactions conducted by the CDL EAR Group for the year ended 31 December 2006 (“FY2006”) were as follows:

Interested Persons	Aggregate value of all interested person transactions conducted in FY2006 under the IPT Mandate pursuant to Rule 920 (excluding transactions less than \$100,000)	
Hong Leong Investment Holdings Pte. Ltd. group of companies	Property-related: <i>(leases, project management, property management and maintenance, marketing, accounting and administrative, cleaning and carpark operation and management services)</i>	\$10,895,755.80
	Financial and Treasury-related: <i>(inter-company loans)</i>	\$213,351.00
	Total	\$11,109,106.80
Directors and their immediate family members		Nil

4. AUDIT COMMITTEE’S STATEMENT

The Audit Committee of the Company confirms that:

- (a) the methods and procedures for determining the transaction prices of the Interested Person Transactions conducted under the IPT Mandate have not changed since the 2003 EGM; and
- (b) the methods and procedures referred to in (a) above continue to be sufficient to ensure that these Interested Person Transactions will be carried out on normal commercial terms and will not be prejudicial to the interests of the Company and its minority shareholders.

5. RECOMMENDATION

The Directors who are considered independent for the purposes of the proposed renewal of the IPT Mandate are Messrs Chee Keng Soon, Foo See Juan, Han Vo-Ta and Tang See Chim. They are of the opinion that the entry into of the Interested Person Transactions (as described in Section 6 of Appendix A) between the CDL EAR Group (as defined in Section 2 of Appendix A) and the Interested Persons (as described in Section 5 of Appendix A) in the ordinary course of business will be entered into to enhance the efficiency of the Group and are in the best interests of the Company. For the reasons set out in Sections 2 and 4 of Appendix A, they recommend that Shareholders vote in favour of Resolution 10 for the renewal of the IPT Mandate at the forthcoming 44th AGM.

Directors of the Company will abstain from voting their shareholdings in the Company on Resolution 10 relating to the renewal of the IPT Mandate at the forthcoming 44th AGM.

The relevant companies within the Hong Leong Investment Holdings Pte. Ltd. (“HLIH”) group (which includes HLIH, a controlling shareholder of the Company and their associates), being Interested Persons under the IPT Mandate, will abstain from voting their respective shareholdings in the Company on Resolution 10 relating to the renewal of the IPT Mandate at the forthcoming 44th AGM.

THE IPT MANDATE FOR INTERESTED PERSON TRANSACTIONS

1. CHAPTER 9 OF THE LISTING MANUAL

1.1 Chapter 9 of the Listing Manual of the Singapore Exchange Securities Trading Limited (“**SGX-ST**”) (“**Chapter 9**”) applies to transactions between a party that is an entity at risk and a counter party that is an interested person. The objective of Chapter 9 (as stated in Rule 901 of the Listing Manual) is to guard against the risk that interested persons could influence a listed company, its subsidiaries or associated companies to enter into transactions with interested persons that may adversely affect the interests of the listed company or its shareholders. The aforementioned terms “entity at risk”, “interested person” and “associated companies” are defined below.

1.2 Main terms used in Chapter 9:

- (a) An “**entity at risk**” means:
- (i) the listed company;
 - (ii) a subsidiary of the listed company that is not listed on the SGX-ST or an approved exchange; or
 - (iii) an associated company of the listed company that is not listed on the SGX-ST or an approved exchange, provided that the listed company and/or its subsidiaries (the “**listed group**”), or the listed group and its interested person(s), has or have control over the associated company.
- (b) An “**associated company**” of a listed company means a company in which at least 20 per cent. but not more than 50 per cent. of its shares are held by the listed company or the listed group.
- (c) An “**approved exchange**” means a stock exchange that has rules which safeguard the interests of shareholders against interested person transactions according to similar principles to Chapter 9.
- (d) An “**interested person**” means a director, chief executive officer or controlling shareholder of the listed company or an associate of such director, chief executive officer or controlling shareholder.
- (e) An “**associate**” in relation to an interested person who is a director, chief executive officer or controlling shareholder of the listed company (being an individual) means an immediate family member (that is, the spouse, child, adopted child, step-child, sibling or parent) of such director, chief executive officer or controlling shareholder; the trustees of any trust of which the director and/or his immediate family, or the chief executive officer and/or his immediate family or the controlling shareholder and/or his immediate family is a beneficiary or, in the case of a discretionary trust, is a discretionary object; and any company in which the director and/or his immediate family, or the chief executive officer and/or his immediate family or the controlling shareholder and/or his immediate family has or have an aggregate interest (directly or indirectly) of 30 per cent. or more; and, where a controlling shareholder of the listed company is a corporation, its “associate” means its subsidiary or holding company or fellow subsidiary or a company in which it and/or such other companies taken together have (directly or indirectly) an interest of 30 per cent. or more.

- (f) A “**chief executive officer**” of a listed company means the most senior executive officer who is responsible under the immediate authority of the board of directors for the conduct of the business of the listed company.
- (g) A “**controlling shareholder**” of a listed company means a person who holds directly or indirectly 15 per cent. or more of the nominal amount of all voting shares in the listed company; or a person who in fact exercises control over a company.
- (h) An “**interested person transaction**” means a transaction between an entity at risk and an interested person.

1.3 Materiality thresholds, announcement requirements and shareholders’ approval

When Chapter 9 applies to a transaction with an interested person (except for any transaction which is below \$100,000 in value and certain transactions which, by reason of the nature of such transactions, are not considered to put the listed company at risk to its interested person and are hence excluded from certain requirements of Chapter 9) and the value of the transaction alone or on aggregation with other transactions conducted with the interested person during the financial year reaches or exceeds certain materiality thresholds (which are based on the listed company’s latest audited consolidated NTA¹), the listed company is required to make an immediate announcement, or to make an immediate announcement and seek its shareholders’ approval for the transaction.

In particular, shareholders’ approval is required for an interested person transaction of a value equal to, or exceeding:

- (a) 5 per cent. of the listed company’s latest audited consolidated NTA²; or
- (b) 5 per cent. of the listed company’s latest audited consolidated NTA, when aggregated with the values of other transactions entered into with the same interested person (such term as construed under Chapter 9) during the same financial year. However, a transaction which has been approved by shareholders, or is the subject of aggregation with another transaction that has been approved by shareholders, need not be included in any subsequent aggregation.

1.4 Shareholders’ general mandate

Chapter 9 allows a listed company to seek a mandate from its shareholders for recurrent transactions of a revenue or trading nature or those necessary for its day-to-day operations such as the purchase and sale of supplies and materials, but not in respect of the purchase or sale of assets, undertakings or businesses, which may be carried out with the listed company’s interested persons.

2. INTRODUCTION AND RATIONALE FOR THE IPT MANDATE

- 2.1 Hong Leong Investment Holdings Pte. Ltd. (“**HLIH**”), the controlling shareholder of the Company, is also the ultimate holding company of two other publicly listed companies on the SGX-ST, namely, Hong Leong Asia Ltd. and Hong Leong Finance Limited. HLIH and its associates (the “**HLIH Group**”) are interested persons of the Company.

¹ Based on the audited consolidated accounts of the Company and its subsidiaries for the financial year ended 31 December 2006, the audited consolidated NTA of the Group was \$4,726,832,000.

² In relation to the Company, for the purposes of Chapter 9, in the current financial year and until such time that the audited consolidated accounts of the Company and its subsidiaries for the year ended 31 December 2006 are published by the Company, 5 per cent. of the latest audited consolidated NTA of the Group would be \$236,341,600.

- 2.2 Due to the size of the HLIH Group and the diversity of the activities of CDL and its subsidiaries (the “**Group**”), it is anticipated that:
- (a) CDL;
 - (b) subsidiaries of CDL that are not listed on the SGX-ST or an approved exchange; and
 - (c) associated companies of CDL that are not listed on the SGX-ST or an approved exchange, provided that the Group or the Group and its interested person(s), has or have control over the associated companies,

(together, the “**CDL EAR Group**”), or any of them, would, in the ordinary course of its businesses, enter into certain transactions with its interested persons. It is likely that such interested person transactions will occur with some degree of frequency and may arise at any time. Thus, the IPT Mandate is intended to facilitate transactions in the normal course of business of the CDL EAR Group falling within the categories of interested person transactions as set out in Section 6 below (the “**Interested Person Transactions**”), that are transacted from time to time with the interested persons as specified in Section 5 below (the “**Interested Persons**”) provided that they are carried out at arm’s length and on the Group’s normal commercial terms and which are not prejudicial to the interests of the Company and its minority Shareholders.

3. SCOPE OF THE IPT MANDATE

- 3.1 The IPT Mandate will not cover any Interested Person Transaction which has a value below \$100,000 as the threshold and aggregation requirements of Chapter 9 of the Listing Manual of the SGX-ST do not apply to such transactions.
- 3.2 Transactions with interested persons, which do not fall within the ambit of the IPT Mandate (including any renewal thereof), will be subject to the applicable provisions of Chapter 9 and/or any other applicable provisions of the Listing Manual.

4. BENEFITS OF THE IPT MANDATE

- 4.1 The Directors are of the view that it will be beneficial to the CDL EAR Group to transact or continue to transact with the Interested Persons, especially since the Interested Person Transactions are undertaken on an arm’s length basis, on normal commercial terms consistent with the Group’s usual business practices and policies and will not be prejudicial to the interests of the Company and its minority Shareholders.
- 4.2 Where the Interested Person Transactions relate to the provision to, and the obtaining from, Interested Persons of products or services as contemplated in Sections 6(a), (b) and (d), the CDL EAR Group will benefit from having access, where applicable, to competitive quotes from its Interested Persons as well as from unrelated third parties, and may also derive savings in terms of cost efficiencies and greater economies of scale in its transactions with Interested Persons. The provision of products and services to Interested Persons are also an additional source of revenue for the CDL EAR Group, provided that such products and services are provided on arm’s length basis and on normal commercial terms. Where the Interested Person Transactions relate to financial and treasury transactions as contemplated in Section 6(c), the CDL EAR Group will benefit from the competitive quotes received from its Interested Persons, thus leveraging on the financial strength and credit standing of the Interested Persons.

- 4.3 The adoption of the IPT Mandate and the renewal of the same on an annual basis would eliminate the need for the Company to convene separate general meetings on each occasion to seek Shareholders' approval as and when such Interested Person Transactions with the Interested Persons arise, thereby reducing substantial administrative time and expenses associated with the convening of such meetings without compromising the corporate objectives of the Group. This would also enable the Group to maximise its business opportunities especially in commercial transactions which are time-sensitive in nature. At the same time, the Group would be able to channel the significant amount of administrative resources, including time and expenses, saved towards its other corporate objectives.

5. CLASSES OF INTERESTED PERSONS

The IPT Mandate will apply to transactions with the following classes of Interested Persons:

- (a) the HLIH Group; and
- (b) Directors, chief executive officer(s) and controlling shareholders of the Company (other than entities who fall under the HLIH Group described in paragraph (a) above) and their respective associates.

6. CATEGORIES OF INTERESTED PERSON TRANSACTIONS

The Interested Person Transactions between the CDL EAR Group and Interested Persons which will be covered by the IPT Mandate relate to recurrent transactions of a revenue or trading nature or those necessary for the Group's day-to-day operations, and are set out as follows:

(a) Property-related Transactions

Transactions within the ambit of this category comprise the leasing or rental of properties; the award of contracts to main contractors, suppliers and consultants for property development projects; and the provision and/or receipt of project management services; marketing and property agency services; cleaning, security and building maintenance services; property and estate management services including serviced apartments and serviced offices management services; and carpark management services.

(b) Management and Support Services

This category comprises transactions in relation to the receipt or provision of management services; legal; and financial advisory and consultancy services.

(c) Financial and Treasury Transactions

³ Pursuant to Rule 915(6) and Rule 915(7) of Chapter 9, the provision or receipt of financial assistance or services by or from a financial institution that is licensed or approved by the Monetary Authority of Singapore, on normal commercial terms and in the ordinary course of business does not constitute an interested person transaction which would require compliance with Rules 905, 906 and 907 of Chapter 9. Rule 905 relates to requirements for immediate announcement of interested person transactions, Rule 906 relates to requirements for seeking shareholders' approval for interested person transactions, and Rule 907 relates to requirements for disclosure of the aggregate value of interested person transactions in the listed company's annual report.

Pursuant to Rule 916(3) of Chapter 9, the provision of a loan by the CDL EAR Group to a joint venture with an Interested Person does not require the seeking of shareholders' approval provided that such loan is extended by all joint venture partners on the same terms and in proportion to their equity interest in the joint venture; the Interested Person does not have an existing equity interest in the joint venture prior to the participation of the CDL EAR Group in the joint venture; and the Company has announced that its Audit Committee is of the view that: (i) the provision of the loan is not prejudicial to the interests of the Company and its minority Shareholders; (ii) the risks and rewards of the joint venture are in proportion to the equity of each of the joint venture partners; and (iii) the terms of the joint venture are not prejudicial to the interests of the Company and its minority Shareholders.

(d) General Transactions

This category comprises transactions in relation to the purchase and sale of goods including building materials, electronic and engineering equipment, building automation systems, computer systems (hardware and software), vehicles, parts and accessories, and the provision and receipt of after-sales services.

7. REVIEW PROCEDURES FOR INTERESTED PERSON TRANSACTIONS

7.1 In general, there are procedures established by the Group to ensure that Interested Person Transactions, which are reviewed and approved by the management, are undertaken on an arm's length basis, on normal commercial terms consistent with the Group's usual business practices and policies, are not prejudicial to the interests of the Company and its minority Shareholders, and on terms which are generally no more favourable to the Interested Persons than those extended to or received from unrelated third parties.

7.1.1 Property-related Transactions, Management and Support Services, and General Transactions

All Interested Person Transactions (other than the Financial and Treasury Transactions covered in Section 7.1.2 below) are to be carried out at the published or prevailing rates/prices of the service or product providers (including, where applicable, preferential rates/prices/discounts accorded to a class or classes of customers or for bulk purchases where the giving of such preferential rates/prices/discounts are commonly practiced within the applicable industry and may be similarly extended to unrelated third parties), on the service or product provider's usual commercial terms which may also be similarly extended to unrelated third parties, or otherwise in accordance with other applicable industry norms.

In addition, the CDL EAR Group will monitor the Interested Person Transactions (other than the Financial and Treasury Transactions covered in Section 7.1.2 below) as follows:

- (a) Property-related Transactions comprising the award of contracts to main contractors, suppliers and consultants for property development projects
- (i) an Interested Person Transaction under this sub-paragraph (a) with a value in excess of \$10 million shall be reviewed and approved by the audit committee of the Company (the "**Audit Committee**") prior to the entry into of such Interested Person Transaction, or if it is expressed to be conditional on Shareholders' approval, prior to the completion of such Interested Person Transaction;
 - (ii) an Interested Person Transaction under this sub-paragraph (a) with a value below or equal to \$10 million but in excess or equal to \$100,000 shall be reviewed by the Audit Committee at its quarterly meetings; and

- (iii) Interested Person Transactions under this sub-paragraph (a) shall be undertaken based on tenders which may be conducted for the award of such contracts with at least two bids from unrelated third parties to be obtained for comparison purposes. In the absence of tenders or the ability to obtain at least two bids for any tender, an Interested Person Transaction under this sub-paragraph (a) shall be undertaken based on comparison of rates/prices and terms offered by the Interested Person with the rates/prices and terms offered or generally quoted by at least two unrelated third parties who are engaged in providing similar services or products.
- (b) Property-related Transactions comprising the leasing or rental of properties
- (i) an Interested Person Transaction under this sub-paragraph (b) with a value in excess of \$5 million shall be reviewed and approved by the Audit Committee prior to the entry into of such Interested Person Transaction, or if it is expressed to be conditional on Shareholders' approval, prior to the completion of such Interested Person Transaction;
 - (ii) an Interested Person Transaction under this sub-paragraph (b) with a value below or equal to \$5 million but in excess or equal to \$100,000 shall be reviewed by the Audit Committee at its quarterly meetings; and
 - (iii) Interested Person Transactions under this sub-paragraph (b) shall be entered into after comparison of rates quoted to at least two unrelated third parties (in the case of leases granted to Interested Persons) or comparison of rates quoted by or obtained from at least two unrelated third parties (in the case of leases granted by Interested Persons) and after taking into account the prevailing market rental rates for other properties within its vicinity of similar or comparable standing and facilities, the tenure of the lease, the area of the leased premises and any other factor which may affect the rental rates or terms of the lease.
- (c) Property-related Transactions (other than those covered under sub-paragraphs (a) and (b) herein), Management and Support Services and General Transactions
- (i) an Interested Person Transaction under this sub-paragraph (c) with a value in excess of \$3 million shall be reviewed and approved by the Audit Committee prior to the entry into of such Interested Person Transaction, or if it is expressed to be conditional on Shareholders' approval, prior to the completion of such Interested Person Transaction;
 - (ii) an Interested Person Transaction under this sub-paragraph (c) with a value below or equal to \$3 million but in excess or equal to \$100,000 shall be reviewed by the Audit Committee at its quarterly meetings; and
 - (iii) Interested Person Transactions under this sub-paragraph (c) shall be entered into, where applicable:
 - (1) in the case of the provision of services or products by an Interested Person, based on tenders (with at least two bids from unrelated third parties to be obtained for comparison purposes) or comparison of rates and terms offered by or generally quoted by at least two unrelated third parties who are engaged in providing similar services or products; and

- (2) in the case of the provision of services or products to an Interested Person, based on comparison of rates and terms offered to at least two unrelated third parties for transactions of a similar nature, size or complexity and taking into account the availability of resources, expertise or manpower for the performance of such services or provision of such goods and the existence of any cost and/or time saving factors.
- (d) In the event that comparison quotations cannot be obtained in respect of the Interested Person Transactions covered under sub-paragraphs (a), (b) and (c) above (for example, where there are no unrelated third party providers or users of such services or products, or where the service or product is a proprietary item or due to the nature, speciality or confidentiality of the service or product to be supplied), such Interested Person Transactions shall be entered into only after the senior management staff of the relevant company in the CDL EAR Group (having no interest, direct or indirect, in the interested person transaction and having the authority in such company to approve the entering into of transactions of such nature and value), has evaluated and weighed the benefits of, and rationale for, transacting with the Interested Person and in their report submitted to the Audit Committee, confirmed that the price and terms offered to or by the Interested Person are fair and reasonable. In such evaluation and confirmation, the factors which may be taken into account include, but shall not be limited, to the following:
 - (i) in relation to the sale of goods or services to the Interested Person and as determined by the senior management staff of the relevant company in the CDL EAR Group and reported to the Audit Committee, the terms of supply should be in accordance with the CDL EAR Group's usual business practice and consistent with the margins obtained by the CDL EAR Group in its business operations or the margins obtained for the same or substantially the same type of transactions;
 - (ii) in relation to the purchase of goods or services from the Interested Person, the terms of supply will be compared to those for the same or substantially the same types of transactions entered into between the Interested Person and unrelated third parties. The review procedures in such cases may include where applicable, reviewing the standard price lists provided by the Interested Person to its customers for such products or services;
 - (iii) the efficiencies and flexibilities derived by the CDL EAR Group in transacting with the Interested Person as compared with transacting with unrelated third parties; and
 - (iv) prevailing industry norms.

7.1.2 Financial and Treasury Transactions

(a) Placement of Funds

In relation to the placement with any Interested Person by the CDL EAR Group of its funds, the Company will require that quotations be obtained from such Interested Person and at least two principal bankers or financial institutions of the Group ("**Principal Bankers**") for rates offered by such Principal Bankers for deposits of an amount and currency and for a period equivalent to that of the funds to be placed by the CDL EAR Group. The CDL EAR Group will only place its funds with such Interested Person provided that the interest rate quoted is not less than the highest of the rates quoted by such Principal Bankers and after evaluating and taking into account any factor that may materially and adversely affect the credit standing of the Interested Person with whom the funds are to be placed by the CDL EAR Group or the risks associated in the placement of such funds with the Interested Person, and such other factors relevant for consideration.

(b) Borrowing of Funds

In relation to the borrowing of funds from any Interested Person by a company within the CDL EAR Group, the Company will require that quotations be obtained from such Interested Person and at least two bankers of the borrowing company within the CDL EAR Group for rates offered by such bankers for loans of an amount and currency and for a period equivalent to that of the funds to be borrowed by such borrowing company within the CDL EAR Group. The CDL EAR Group will only borrow funds from such Interested Person provided that the interest rate quoted is not more than the lowest of the rates quoted by such bankers.

(c) Foreign Exchange, Swaps and Options

In relation to foreign exchange, swap and option transactions with any Interested Person by the CDL EAR Group, the Company will require that rate quotations be obtained from such Interested Person and at least two Principal Bankers. The CDL EAR Group will only enter into such foreign exchange, swap and option transactions with such Interested Person provided that such rates quoted are no less favourable than the rates quoted by such Principal Bankers.

(d) Subscription of Debt Securities

In relation to the subscription by the CDL EAR Group of debt securities issued by the Interested Persons, the CDL EAR Group will only enter into the subscription of such debt securities provided that the price(s) at which the CDL EAR Group subscribes for such debt securities will not be higher than the price(s) at which such debt securities are subscribed for by unrelated third parties.

In relation to the issue of debt securities by the CDL EAR Group to Interested Persons, the CDL EAR Group will only issue such debt securities to Interested Persons provided that the price(s) at which the CDL EAR Group issues such debt securities will not be lower than the price(s) at which such debt securities are issued to unrelated third parties.

In addition to the foregoing, the following threshold limits will be applied to ensure further monitoring by the Group of the Financial and Treasury Transactions entered into by the CDL EAR Group:

Placement of Funds and Subscription of Debt Securities

Where the aggregate of the outstanding principal amount of funds placed with, and debt securities subscribed from, the same Interested Person (as such term is construed under Chapter 9) shall at any time exceed the equivalent of 10 per cent. of the consolidated shareholders' funds of the Group (based on its latest audited accounts), each subsequent placement of funds with, or subscription of debt securities from, the same Interested Person shall require the prior approval of the Audit Committee.

Where the aggregate of the outstanding principal amount of funds placed with, and debt securities subscribed from, the same Interested Person does not at any time exceed the limit set out above, the placement of funds with, and subscription of debt securities from, that Interested Person will not require the prior approval of the Audit Committee but shall be reviewed by the Audit Committee at its quarterly meetings.

7.2 A register will be maintained by the Group to record all Interested Person Transactions (and the basis including the quotations, if any and where relevant, obtained to support such basis on which they are entered into) which are entered into pursuant to the IPT Mandate.

The Company shall, on a quarterly basis, report to the Audit Committee on all Interested Person Transactions, and the basis of such transactions, entered into with Interested Persons during the preceding quarter. The Audit Committee shall review such Interested Person Transactions at its quarterly meetings except where such Interested Person Transactions are required under the review procedures to be approved by the Audit Committee prior to the entry thereof.

- 7.3 The annual internal audit plan shall incorporate a review of the established review procedures for the monitoring of Interested Person Transactions entered into pursuant to the IPT Mandate.

The Audit Committee shall review the internal audit report on Interested Person Transactions to ascertain that the established review procedures to monitor Interested Person Transactions have been complied with. If, during a review by the Audit Committee, the Audit Committee is of the view that the established review procedures are not sufficient or have become inappropriate, in view of changes to the nature of, or the manner in which, the business activities of the CDL EAR Group are conducted, it will take such actions as it deems appropriate and/or institute additional procedures as necessary to ensure that future transactions of a similar nature are on normal commercial terms and will not be prejudicial to the interests of the Company and its minority Shareholders, and the Company will revert to the Shareholders for a fresh mandate based on new review procedures for transactions with Interested Persons.

For the purpose of the review process, if a member of the Audit Committee has an interest in the transaction to be reviewed by the Audit Committee, he will abstain from any decision making by the Audit Committee in respect of that transaction. For example, where two members of the Audit Committee have an interest each in the transaction to be reviewed by the Audit Committee, the review of that transaction will be undertaken by the remaining member(s) of the Audit Committee.

8. EXPIRY AND RENEWAL OF THE IPT MANDATE

The IPT Mandate will take effect from the date of receipt of Shareholders' approval, and will (unless revoked or varied by the Company in general meeting) continue in force until the next annual general meeting of the Company and will apply to Interested Person Transactions entered into from the date of receipt of Shareholders' approval. Approval from Shareholders will be sought for the renewal of the IPT Mandate at each subsequent annual general meeting, subject to review by the Audit Committee of its continued application to the Interested Person Transactions.

If the Audit Committee is of the view that the review procedures under the IPT Mandate are not sufficient to ensure that the Interested Person Transactions are transacted on normal commercial terms and will be prejudicial to the interests of the Company and its minority Shareholders, the Company will seek a fresh mandate from the Shareholders based on new review procedures for Interested Person Transactions.

9. DISCLOSURE

In accordance with Chapter 9, the Company will disclose in its annual report the aggregate value of the Interested Person Transactions conducted pursuant to the IPT Mandate during the financial year (as well as in the Company's annual reports for subsequent financial years that the IPT Mandate continues to be in force). In addition, the Company will announce the aggregate value of the Interested Person Transactions conducted pursuant to the IPT Mandate for the financial periods which it is required to report on (pursuant to Rule 705 of the Listing Manual) within the time required for the announcement of such report. These disclosures will be in the form set out in Rule 907 of the Listing Manual.
