BUSINESS REVIEW AND PROSPECTS

The Group recorded an improvement in revenue to HK\$18.7 million, an increase of HK\$11.0 million or 142.2% from HK\$7.7 million in the previous corresponding period. However, the Group reported a net loss attributable to the equity shareholders of the Company of HK\$4.6 million as compared with a net profit attributable to the equity shareholders of the Company of HK\$11.9 million in the previous corresponding period.

For the period under review, the Group's profit was negatively impacted by the net unrealised loss of HK\$16.6 million as a result of the revaluation of the Group's trading securities to fair value as at 31 March 2011, partially offsetted by a net realised and unrealised translation exchange gain of HK\$8.8 million arising mainly from the Sterling Pound denominated trading security and cash deposit. Consequently, a total net realized and unrealized loss of HK\$7.8 million was recorded for the period under review as compared with a total net realized and unrealized gain of HK\$15.3 million reported in the previous corresponding period.

The Group's Hospitality segment recorded higher operating revenue of HK\$18.4 million, up by HK\$11.5 million or 166.6%, as compared with HK\$6.9 million in the previous corresponding period. This was due to the additional revenues of HK\$6.5 million contributed by the Group's jointly-controlled entity ("JCE") which owns the Crowne Plaza Syracuse Hotel, New York, USA, since 19 July 2010, and HK\$0.6 million contributed by a newly-acquired JCE, which owns the Sheraton Chapel Hill Hotel on 21 March 2011. The Sheraton Chapel Hill Hotel, North Carolina, USA, is a full service hotel with 168 rooms and 17,000 square feet of meeting space which was acquired at a purchase price of US\$12 million (about HK\$93.6 million), representing US\$71,600 (about HK\$558,480) per key. Further, the Group's U.S. hotel management arm, Richfield, had recorded a higher management fee of HK\$7.0 million as compared with HK\$3.6 million reported in previous corresponding period as a result of securing 3 new contracts.

However, an overall higher operating loss of HK\$5.3 million was incurred by the Group's Hospitality segment as compared with HK\$2.8 million in the previous corresponding period. This is mainly due to higher payroll cost and the write off of acquisition-related costs incurred for the period under review.

The Group recorded a profit from discontinued operations of HK\$9.0 million (S\$1.46 million) with the settlement of the final instalment payment in March 2011 in respect of the deferred consideration from the disposal of 50% equity interest in MindChamps.

The Group continues to hold some trading securities while its cash reserves are in a basket of currencies. From time to time, there could be continued adjustments attributable to unrealised gains or a loss arising from the fair value readjustments of the Group's trading securities and unrealised gains or losses on the revaluation of foreign currency cash deposits.

Shareholders of the Company and potential investors should note that all figures contained herein are unaudited and are advised to exercise caution when dealing in the shares of the Company.
