# IREIT GLOBAL UNAUDITED FINANCIAL STATEMENTS AND DISTRIBUTION ANNOUNCEMENT FOR THE SECOND HALF YEAR AND FINANCIAL YEAR ENDED 31 DECEMBER 2021

#### Introduction

IREIT Global ("IREIT") is a Singapore real estate investment trust with the investment strategy of principally investing, directly or indirectly, in a portfolio of income-producing real estate in Europe which is used primarily for office, retail and industrial (including logistics) purposes, as well as real estate-related assets.

IREIT's current portfolio comprises five office properties in Germany, strategically located in Berlin, Bonn, Darmstadt, Münster and Munich (the "German Portfolio"), five properties in Spain, located in Madrid and Barcelona (the "Spanish Portfolio") and 27 retail properties in France (the "French Portfolio").

#### German Portfolio

As at 31 December 2021, the German Portfolio has an aggregate net lettable area of approximately 201,100 square metres which comprises the Bonn Campus, Darmstadt Campus, Münster Campus, Concor Park and Berlin Campus.

#### Spanish Portfolio

As at 31 December 2021, the Spanish Portfolio has an aggregate lettable area of approximately 87,700 square metres which comprises Delta Nova IV, Delta VI, II-lumina and Sant Cugat Green (the "Initial Spanish Portfolio"), which IREIT acquired a 40% interest in December 2019 and the remaining 60% interest in October 2020; and Parc Cugat, which was acquired in September 2021.

The acquisition of the remaining 60% interest in the Initial Spanish Portfolio in October 2020 (the "60% Acquisition") was financed through a renounceable rights issue (the "Rights Issue") of new units ("Units") in IREIT. The acquisition of Parc Cugat in September 2021 was financed through a combination of external bank borrowings and internal cash resources.

#### French Portfolio

In July 2021, IREIT completed the acquisition of a portfolio of 27 retail properties (the "France Acquisition") located in France (the "French Portfolio"). The French Portfolio has an aggregate lettable area of approximately 95,500 square metres.

The France Acquisition was financed through a combination of external borrowings and equity fund raising. The equity fund raising comprised a placement (the "Placement") of new Units to an investor and a pro rata non-renounceable preferential offering (the "Preferential Offer") of new Units in IREIT to existing unitholders ("Unitholders").

IREIT is managed by IREIT Global Group Pte. Ltd. (the "Manager").

#### **Basis of preparation**

The unaudited financial statements for the second half and financial year ended 31 December 2021 have been prepared in accordance with International Financial Reporting Standards ("IFRSs") issued by the International Accounting Standards Board, and are drawn up in accordance with the relevant provisions of the trust deed entered into on 1 November 2013 and as amended and restated by an amending and restating deed dated 14 July 2014, supplemental by the first supplemental deed dated 6 November 2015, second supplemental deed dated 9 May 2018 and third supplemental deed dated 30 March 2020 and the relevant requirements of the Code on Collective Investment Schemes (the "CIS Code") issued by the Monetary Authority of Singapore ("MAS"). The unaudited financial statements do not include all the information required for a complete set of financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the financial position and performance of IREIT and its subsidiaries (the "Group") since the last annual financial statements for the year ended 31 December 2020.

#### **Distribution policy**

IREIT's current distribution policy is to distribute at least 90% of its annual distributable income for each financial year, with distributions being made to the Unitholders on a semi-annual basis. The actual level of distribution will be determined at the Manager's discretion, having regard to funding requirements, other capital management considerations and ensuring the overall stability of distributions.

#### Footnotes:

- (1) On 30 June 2021 and 21 July 2021, IREIT issued 11,372,868 new Placement Units at the issue price of S\$0.6155 per Unit and 201,137,870 new Preferential Offer Units at the issue price of S\$0.595 per Unit respectively. The Placement and Preferential Offer Units are entitled to the distribution for the financial period from 30 June 2021 to 31 December 2021. Please see further Note (3) below.
- (2) On 23 October 2020, IREIT issued 291,405,597 new Units (the "Rights Units") pursuant to the Rights Issue to finance the 60% Acquisition. For the purpose of comparison, FY 2020 DPU has been restated to reflect the effects of the Rights Units.
- (3) An advanced distribution (the "Advanced Distribution") for the period from 1 January 2021 to 29 June 2021, being the day immediately prior to the date on which the Placement Units were issued, was declared on 6 August 2021. The next distribution following the Advanced Distribution will comprise income to be distributed to Unitholders from 30 June 2021 to 31 December 2021. Please refer to Section 15(a) for details of the distribution. Calendar year semi-annual distributions will resume thereafter.

## 1(a)(i) Unaudited Consolidated Statement of Profit or Loss and Other Comprehensive Income (continued)

Notes to Unaudited Consolidated Statement of Profit or Loss and Other Comprehensive Income

#### 2H 2021

- 1. Gross revenue for 2H 2021 registered an increase of €8,665,000 or 43.6% compared to that of 2H 2020, contributing to the increase in net property income of €5,926,000 or 34.4% over the same period. These were due mainly to the consolidation of the operating results of the Initial Spanish Portfolio in the financial statements of the Group, following the completion of the 60% Acquisition in October 2020, as well as acquisition of the French Portfolio and Parc Cugat.
- 2. Finance costs comprise interest expense on loans and interest rate swaps, and amortisation of interest rate caps premiums and upfront debt transaction costs. The increase of €554,000 or 24.5% compared to that of 2H 2020 was mainly due to the finance costs incurred for term loan facility entered into in December 2019 for the acquisition of the Initial Spanish Portfolio, which were consolidated in the financial statements of the Group following the completion of the 60% Acquisition in October 2020, as well as the term loan facilities entered into for the acquisition of the French Portfolio and Parc Cugat. This increase in finance costs was offset by the absence of the finance costs incurred for the term loan facility from City Strategic Equity Pte. Ltd. which was fully repaid in October 2020.
- 3. Management fees is determined based on 10.0% per annum of the annual distributable income of IREIT. The increase in management fees was in line with the increase in distributable income for 2H 2021 compared to that of 2H 2020. The management fees for 2H 2021 are to be paid 50% in cash and 50% in Units, while the management fees for 2H 2020 were paid 100% in Units.
- 4. The net change in fair value of financial derivatives arose from the revaluation of interest rate swaps, interest rate caps and forward foreign currency exchange contracts entered into to hedge the interest rate risk on borrowings and currency risk for distribution to Unitholders respectively.
- 5. This relates to the difference between the carrying value and the fair value of the investment properties as at the end of each respective reporting period.

## 1(a)(i) Unaudited Consolidated Statement of Profit or Loss and Other Comprehensive Income (continued)

Notes to Unaudited Consolidated Statement of Profit or Loss and Other Comprehensive Income (continued)

6. The share of results of joint venture relates to the Group's 40% share of the net income in respect of the Initial Spanish Portfolio. Following the completion of the 60% Acquisition in October 2020, the operating results of the Initial Spanish Portfolio were fully consolidated in the Group's financial statements.

Details are as follows:

1 Jul 2020 to 22 Oct 2020 (€'000)
1,386
(506)
880
(205)
(319)
(46)
(243)
67

- 7. This gain on derecognition of joint venture arose from the remeasurement of the Group's previously held interest of 40% in the Initial Spanish Portfolio, following the completion of the 60% Acquisition in October 2020. Consequently, the operating results of the Initial Spanish Portfolio were fully consolidated in the Group's financial statements.
- 8. Acquisition and divestment related costs mainly include the acquisition fee of €1,376,000 (2H 2020: €818,000) paid to the Manager and legal and professional fees incurred for the acquisition of the French Portfolio and Parc Cugat (2H 2020: Initial Spanish Portfolio).
- Income tax expense comprises current and deferred tax expenses. The increase for 2H 2021 was mainly
  due to the higher deferred tax liability provided on the temporary differences arising from the valuation of
  the investment properties as compared to the corresponding reporting period last year.

#### FY 2021

10. Gross revenue for FY 2021 registered an increase of €14,346,000 or 37.9% compared to that of FY 2020, contributing to the increase in net property income of €9,588,000 or 29.1% over the same period. These were due mainly to the consolidation of the operating results of the Initial Spanish Portfolio in the financial statements of the Group, following the completion of the 60% Acquisition in October 2020.

#### FY 2021

- 11. Finance costs comprise interest expense on loans and interest rate swaps, and amortisation of interest rate caps premiums and upfront debt transaction costs. The increase of €630,000 or 14.3% compared to that of FY 2020 was mainly due to the finance costs incurred for term loan facility entered into in December 2019 for the acquisition of the Initial Spanish Portfolio, which were consolidated in the financial statements of the Group following the completion of the 60% Acquisition in October 2020, as well as the term loan facilities entered into for the acquisition of the French Portfolio and Parc Cugat. This increase in finance costs was offset by the absence of the finance costs incurred for the term loan facility from City Strategic Equity Pte. Ltd. which was fully repaid in October 2020. Please refer to Section 1b(ii) Aggregate Amount of Borrowings for details of the borrowings.
- 12. Management fees is determined based on 10.0% per annum of the annual distributable income of IREIT. The increase in management fees was in line with the increase in distributable income for FY 2021 compared to that of FY 2020. The management fees for FY 2021 are to be paid 50% in cash and 50% in Units, while the management fees for FY 2020 were paid 100% in Units.
- 13. Administrative costs and other trust expenses for FY 2021 were 7.8% higher compared to that of FY 2020. The increase of €179,000 in administrative costs and other trust expenses were mainly due to professional fees incurred following the acquisition of the French Portfolio and Parc Cugat, as well as the consolidation of the professional fee expenses in respect of the Initial Spanish Portfolio, following the completion of the 60% Acquisition in October 2020.
- 14. The net change in fair value of financial derivatives arose from the revaluation of interest rate swaps, interest rate caps and forward foreign currency exchange contracts entered into to hedge the interest rate risk on borrowings and currency risk for distribution to Unitholders respectively.
- 15. This relates to the difference between the carrying value and the fair value of the investment properties as at the end of each respective reporting period.
- 16. The share of results of joint venture relates to the Group's 40% share of the net income in respect of the Initial Spanish Portfolio. Following the completion of the 60% Acquisition in October 2020, the operating results of the Initial Spanish Portfolio were consolidated in the Group's financial statements.

Details are as follows:

#### 1(b)(i) Unaudited Statements of Financial Position

#### **Notes to Unaudited Statements of Financial Position**

1. The Group's cash and cash equivalents were €51.7 million as at 31 December 2021 as compared to €43.1 million as at 31 December 2020.

Please refer to the consolidated statement of cash flows for 2H 2021 and FY2021 on Page 11 of this announcement for further details on the movements in the Group's cash and cash equivalents during the respective reporting periods.

The decrease of €7.2 million in the Trust's cash and cash equivalents as at 31 December 2021 was mainly due to the balance of the proceeds from the Rights Issue as at 31 December 2020, which were used to part finance the acquisition of Parc Cugat in September 2021.

- The increase of €1.2 million in the Group's trade and other receivables was mainly due to the trade receivables balances as at 31 December 2021, which was received subsequent to 31 December 2021.
- 3. This represents the fair value as at the reporting dates of interest rate swaps and interest rate caps which were entered into to hedge the interest rate risk on borrowings.
- 4. Investment properties are accounted for at fair value based on valuations undertaken by independent valuers as at 31 December 2021. Please refer to Section 9 on the details for the fair value measurement of investment properties.

Movement during the year:

	Group (€'000)
As at 1 January 2021:	719,580
Capital expenditure on investment properties	3,323
Acquisition of investment properties	147,227
Disposal of investment property	(9,500)
Lease incentives	(760)
Change in fair value of investment properties during the year	115,000
Fair value of investment properties as at 31 December 2021	974,870

- 5. Investment in subsidiaries relates to entities directly or indirectly wholly-owned by Trust.
- 6. This relates to the shareholder loans extended to subsidiaries in connection with the acquisition of the Spanish Portfolio and French Portfolio.
- The increase of €2.8 million in the Group's trade and other payables were mainly due to lower turnover of trade creditors for the period.
- 8. Please refer to Section 1b(ii) Aggregate Amount of Borrowings for details.
- 9. The increase in deferred tax liabilities was due to the higher deferred tax effect on the temporary differences arising from the valuation of the investment properties.

The Group's aggregate leverage<sup>(2)</sup> was 32.1% as at 31 December 2021. The interest coverage ratio<sup>(2)</sup> stood at 7.7 times as at 31 December 2021.

#### Footnotes:

- (1) Upfront debt transaction costs are amortised over the life of the loan facilities.
- (2) Aggregate leverage and interest coverage ratio are calculated based on the respective definitions under Monetary Authority of Singapore's Code on Collective Investment Schemes, Property Funds Appendix 6.

#### Details of borrowings and collaterals

As at 31 December 2021, the Group's secured borrowings comprised the following facilities ("the Facilities"):

- (i) Term loan facility of €200.8 million taken up in February 2019 to refinance all the then existing borrowings in respect of the German Portfolio;
- (ii) Term loan facility of €66.9 million taken up in December 2019 to finance the acquisition of the Initial Spanish Portfolio;
- (iii) Term loan facility of €51.4 million taken up in July 2021 to finance the acquisition of the French Portfolio;
- (iv) Term loan facility of €13.6 million taken up in September 2021 to finance the acquisition of Parc Cugat

The Facilities are secured by way of the following:

- land charges over investment properties with an aggregate carrying value of €974.9 million as at 31 December 2021;
- pledges over the rent and other relevant bank accounts in relation to the properties;
- assignment of claims under the lease agreements, insurance agreements, sale and purchase agreements, property management agreements and other key agreements in relation to the properties;
- pledges over the shares in the borrowing entities;
- assignment of claims under the hedging agreements in relation to the Facilities; and
- assignment of claims over the intra-group loans granted to the borrowing entities (where applicable).

1(d)(iii) To show the total number of issued shares excluding treasury shares as at the end of the current financial year and as at the end of the immediately preceding year

There are no treasury Units in issue as at 31 December 2021 and 31 December 2020. The total number of issued Units are as disclosed in paragraph 1d(ii).

1(d)(iv) A statement showing all sales, transfers, cancellation and/or use of treasury shares as at the end of the current financial year reported on

Not applicable.

1(d)(v) A statement showing all sales, transfers, cancellation and/or use of subsidiary holdings as at the end of the current financial year reported on.

Not applicable.

2. Whether the figures have been audited, or reviewed and in accordance with which standard, (e.g. the Singapore Standard on Auditing 2410 (Engagements to Review Financial Statements), or an equivalent standard)

The figures have not been audited or reviewed.

3. Where the figures have been audited, or reviewed, the auditors' report (including any qualifications or emphasis of matter)

Not applicable.

4. Whether the same accounting policies and methods of computation as in the issuer's most recent audited annual financial statements have been applied

For the current reporting period, the Group has applied the same accounting policies and methods of computation as those applied in its audited financial statements for the financial year ended 31 December 2020, except for those explained in Section 5 below.

 If there are any changes in the accounting policies and methods of computation, including any required by an accounting standard, what has changed, as well as the reasons for, and the effect of the change

On 1 January 2021, the Group has adopted all the new and revised International Financial Reporting Standards that were effective from that date and relevant to its operations, including consequential amendments to other IFRSs. The adoption of these new/revised IFRSs does not result in changes to the Group's and IREIT's accounting policies and has no material effect on the amounts reported for the current or prior period.

(1) The NAV and NTA per Unit were computed based on the net assets attributable to Unitholders as at 31 December 2021 and 31 December 2020 and the Units in issue and to be issued as at 31 December 2021 of 1,155,891,421 (31 December 2020: 938,963,086).

#### 8. Use of judgements and estimates

In preparing the unaudited financial statements for the second half year and financial year ended 31 December 2021, the Manager has made estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

In preparing this financial information, significant judgements made by the Manager in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that were described in the audited financial statements for the financial year ended 31 December 2020.

### 9. Fair value measurement

#### Fair value hierarchy

The Group categorises fair value measurements using a fair value hierarchy that is dependent on the valuation input used as follows:

- Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date;
- Level 2: inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3: inputs are unobservable inputs for the asset or liability.

#### 9. Fair value measurement (continued)

#### Assets and liabilities carried at fair value (continued)

#### Level 2 fair value measurements

The fair value of derivative financial instruments such as interest rate swaps, interest rate caps and foreign currency forward contracts is based on banks' quotes.

#### Level 3 fair value measurements

The fair value of the Group's investment properties have been determined on the basis of valuations carried out as at 31 December 2021 (2020: As at 31 December 2020) by independent valuers<sup>(1)</sup>, having appropriate recognised professional qualifications and recent experience in the location and category of the properties being valued, and are not related to the Group. For the German Portfolio and the Spanish Portfolio, the fair value was determined based on the discounted cash flow method. For the French Portfolio, the fair value was determined based on a combination of the discounted cash flow method and income capitalisation method, as required by the valuation standards in France. In estimating the fair value of the properties, the Manager is of the view that the highest and best use of the properties is their current use.

#### 10. Segmental Reporting

Operating segments are identified on the basis of internal reports on components of the Group that are regularly reviewed by the Group's Chief Operating Decision Maker ("CODM"), in order to allocate resources to segments and to assess their performance. The Group's operating segments are its property portfolio by geography as each of these property portfolios have different performance characteristics. This forms the basis of identifying of operating segments of the Group under IFRS 8 Operating Segments.

Segment revenue comprises mainly income generated from its tenants. Segment net property income represents the income earned by each segment after allocating property operating expenses. This is the measure reported to the CODM for the purpose of assessment of segment performance.

Segment results, assets and liabilities include items directly attributable to segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly management fees, trust expenses, finance costs, and related assets and liabilities.

## 11. In the review of performance, the factors leading to any material changes in contributions to turnover and earnings by the geographical segments

Gross revenue for the German Portfolio has increased by €692,000 or 1.9% compared to that of FY 2020, contributed mainly by the rental uplifts triggered by the increase in the consumer price index. The increase in gross revenue was more than offset by the higher property operating expenses contributed by the increase in repairs and maintenance expenses for the upkeep of the properties. Accordingly, net property income for the German Portfolio registered a slight decrease of €168,000 or 0.5% compared to that of FY 2020.

The higher gross revenue and net property income of the Spanish Portfolio in FY 2021 were mainly due to the consolidation of the operating results of the Initial Spanish Portfolio in the financial statements of the Group, following the completion of the 60% Acquisition in October 2020 and the acquisition of Parc Cugat in September 2021.

The gross revenue and net property income of the French Portfolio arose only in FY 2021 following the acquisition of the portfolio in July 2021.

#### 12. Review of the Performance for the Second Half Year and Financial Year ended 31 December 2021

A review of the performance for 2H 2021 and FY 2021 is set out in Section 1(a)(i) Unaudited Consolidated Statement of Profit or Loss and Other Comprehensive Income and Section 1(b)(i) Unaudited Statements of Financial Position as at 31 December 2021.

## 14. Commentary on the competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting and next 12 months

Office letting activity across the key European cities in 2021 has increased significantly compared to the prior year, with 2H 2021 showing signs of normalisation in take-up. Coupled with the economic recovery and favourable financing conditions, investor demand for commercial real estate in Europe has also improved over the same period.

Supported by a blue-chip tenant mix and diversified asset base, IREIT's portfolio performance has continued to be resilient in 2021. During the year, the Manager performed environmental audits on selected properties within IREIT's portfolio to pursue green building certifications. In November 2021, the Manager successfully secured a new lease with a German federal government body to take up all five floors of office space to be vacated by the existing key tenant, GMG Generalmietgesellschaft GmbH, at Münster Campus when its lease expires in March 2022. This five-year lease secured with the new tenant at competitive rental rates is a reflection of IREIT's good quality assets in well-connected locations and will strengthen IREIT's lease profile and income certainty. In 2022, the Manager will continue to focus its efforts on asset management to maintain IREIT's portfolio occupancy rate and optimise the long-term attractiveness of the assets through its sustainability initiatives.

In view of the adoption of flexible working arrangement by companies and evolving demand for office space, the Manager will also continue to pursue investment and capital recycling opportunities to further diversify IREIT's asset class exposure and strengthen its income streams. At the same time, the Manager is exploring various funding options to broaden IREIT's financing sources and flexibility.

#### Tax exempt income distribution

The tax exempt income distribution component is exempt from Singapore income tax in the hands of all Unitholders, regardless of their nationality, corporate identity or tax residence status. No tax will be deducted from such component.

### Capital distribution

The capital distribution component represents a return of capital to Unitholders for Singapore income tax purposes. The amount of the capital distribution component will be applied to reduce the cost base of Unitholders' Units for Singapore income tax purposes. For Unitholders who are liable to Singapore income tax on profits from the sale of their Units, the reduced cost base of their Units will be used to calculate any taxable trading gains arising from the disposal of the Units.

### **SINGAPORE | 25 FEBRUARY 2022**

For immediate release

IREIT Global ("IREIT"), a Europe-focused real estate investment trust managed by IREIT Global Group Pte. Ltd. (the "Manager"), is pleased to report a resilient set of results for the second half year and financial year ended 31 December 2021 ("2H2021" and "FY2021" respectively).

Net property income for 2H2021 rose by 34.4% year-on-year to €23.2 million, while income available for distribution rose by 32.9% to €19.2 million over the same period. The increase was mainly due to the consolidation of the operating results of the initial Spanish portfolio, as well as acquisition of the French portfolio and Parc Cugat. This in turn contributed to a 7.9% increase in the distribution per unit ("DPU") to 1.50 € cents for 2H2021. (1)

For FY2021, net property income came in 29.1% higher year-on-year at €42.5 million and income available for distribution was 25.3% higher at €34.4 million. DPU for the full year stood at 2.93 € cents, representing a 11.0% increase compared to the previous year. (1)

(1) On 30 June 2021 and 21 July 2021, IREIT issued 11,372,868 new Units at the issue price of \$\$0.6155 per Unit (the "Placement Units) and 201,137,870 new Units at the issue price of \$\$0.595 per Unit (the "Preferential Offer Units") respectively. On 23 October 2020, IREIT issued 291,405,597 new Units (the "Rights Units") pursuant to a renounceable rights issue. For the purpose of comparison, FY2020 DPU has been restated to reflect the effects of the Rights Units.

### **Media Release**

During the year, IREIT's portfolio performance continued to show improvement, supported by its blue-chip tenant mix, diversified asset base and recovery in the European real estate market. As at 31 December 2021, its portfolio value improved to €974.9 million from €719.6 million a year ago, driven by the acquisition of the French portfolio and Parc Cugat, as well as the higher independent valuation of the investment properties. As a result, IREIT's aggregate leverage improved to 32.1% from 34.8% over the same period, while net asset value rose by 14.9% year-on-year to €0.54 per Unit. Based on the closing unit price of \$\$0.65 as at 31 December 2021, IREIT is trading at an attractive 21.6% discount to its NAV. (2)

Mr Louis d'Estienne d'Orves, Chief Executive Officer of the Manager, said, "IREIT's portfolio has remained robust throughout FY2021, allowing us to achieve our main objective of delivering a stable and predictable income to our Unitholders. One key success factor that has enabled us to deliver the positive performance is our strong leasing efforts with extensive knowledge of the local real estate markets and occupiers."

As at 31 December 2021, IREIT's portfolio occupancy rate was stable at 95.7% compared to 95.8% registered in the prior year, while the weighted average lease expiry improved to 3.8 years from 3.5 years a year ago. In addition, all tenants in IREIT's portfolio continued to pay their rents in FY2021 and no rental rebates or deferrals were requested.

In 2022, the Manager will continue to focus its efforts on asset management to maintain IREIT's portfolio occupancy rate and optimise the long-term attractiveness of the assets through its sustainability initiatives. During the year, the Manager performed environmental audits on selected properties within IREIT's portfolio to pursue green building certifications. In November 2021, the Manager successfully secured a new lease with a German federal government body to take up all five floors of office space to be vacated by the existing key tenant, GMG Generalmietgesellschaft mbH, at Münster Campus when its lease expires in March 2022. This five-year lease secured with the new tenant at competitive rental rates is a reflection of IREIT's good quality assets in well-connected locations and will strengthen IREIT's lease profile and income certainty.

In view of the adoption of flexible working arrangement by companies and evolving demand for office space, the Manager will also continue to pursue investment and capital recycling opportunities to further diversify IREIT's asset class exposure and strengthen its income streams. At the same time, the Manager is exploring various funding options to broaden IREIT's financing sources and flexibility.

French Portfolio (2)	123.4	-	-
IREIT Portfolio	974.9	719.6	35.5

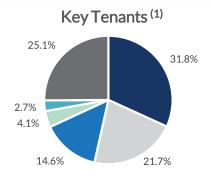

- The increase in IREIT's portfolio value was driven mainly by the acquisition of the French portfolio and Parc Cugat, as well as a significant increase in the fair value of Berlin Campus.
  - ✓ Recent transaction of a neighbouring property to Berlin Campus has resulted in yield compression and proven that higher rental rates are achievable.

- (1) Multi-storey car park in Darmstadt Campus was divested on 1 Nov 2021.
- (2) The French portfolio and Parc Cugat was acquired on 28 Jul 2021 and 24 Sep 2021 respectively.

# Asset Management Initiatives

### **Active Engagement with Existing and Prospective Tenants**

### **Germany**

- Berlin Campus: Deutsche Rentenversicherung Bund ("DRV") did not exercise its break option in 2Q2021, hence its entire lease will end in Jun 2024. Exploring various options with DRV for rental upside as the property is significantly under-rented.
- Bonn Campus: Maintaining strong relationship with Deutsche Telekom to retain tenant beyond its lease expiry in Apr 2023. Tenant has expressed interest to stay but prefers more flexibility such as ability to sublet. Evaluating options with tenant.
- Darmstadt Campus: Deutsche Telekom informed in Nov 2021 that it intends to vacate property when its lease expires in Nov 2022. Active marketing of the property currently on-going. Property is in a prime office location and close to Darmstadt's main railway station. (1)

- Münster Campus: Successfully secured a new lease with a German federal government body to take up all five floors of office space to be returned by Deutsche Telekom when its lease expires in Mar 2022. Quality five-year lease with prolongation options will strengthen IREIT's lease profile and income certainty. (2) Low current office vacancy rate in Münster at c.1.5%.
- Concor Park: Healthy leases with just c.500 sqm of vacant storage space (1.4% vacancy at property). One key tenant has requested to lease more space for office use. Currently exploring potential to convert part of canteen space into office space.

- (1) Please refer to IREIT's announcement on the lease in relation to Darmstadt Campus dated 5 Nov 2021 for more details.
- (2) Please refer to IREIT's press release on the new lease at Münster Campus dated 26 Nov 2021 for more details.

# Asset Management Initiatives (cont'd)

### **Active Engagement with Existing and Prospective Tenants**

### Spain

- Delta Nova IV and VI: Making good progress with potential tenants to lease the vacant units. Secured a new lease with a strong tenant to occupy c.560 sqm for a period of 3 years in Jul 2021. Also negotiating with a key tenant to renew its leases of c.2,900 sqm that is expiring in Dec 2022.
- Sant Cugat Green: In advanced negotiations with a data centre operator to lease c.5,400 sqm of vacant data centre space for long term. As anticipated during the initial investment of the property, one key tenant to vacate c.6,400 sqm of space when its lease expires in Dec 2022. Commenced active discussions to lease this space to a potential tenant.
- II-lumina: Successfully increased occupancy rate from 69.2% at initial investment in Dec 2019 to 91.1% now (from c.60% to c.95% for office space only). Secured a new lease of c.190 sqm for a 3-year period and 2 lease extensions (c.1,120 sqm and c.4,660 sqm respectively) in Jul 2021. Also in discussions with an existing tenant who is looking at leasing an additional 180 sqm of space. Actively marketing c.1,600 sqm of space to be vacated by one key tenant when its lease expires in Aug 2022.
- Parc Cugat: Acquisition completed in Sep 2021. Already actively marketing the vacant space. Rental guarantee granted by the vendor until 31 Dec 2022.

#### **Key Takeaways:**

- IREIT's portfolio has remained resilient and all tenants have continued to pay their rents in FY2021.
- Overall occupancy rate has improved from 94.6% as at 31 Dec 2019 to 95.7% due to Manager's strong leasing efforts.

## Looking Ahead

- Office letting activity across the key European cities in 2021 has increased significantly compared to the prior year, with 2H2021 showing signs of normalisation in take-up.
- Coupled with the economic recovery and favourable financing conditions, investor demand for commercial real estate in Europe has also improved over the same period.
- Supported by a blue-chip tenant mix and diversified asset base, IREIT's portfolio has remained resilient.
- During the year, Manager performed environmental audits on selected properties within IREIT's portfolio to pursue green building certifications.
- In 2022, Manager will continue to focus its efforts on asset management to maintain IREIT's portfolio occupancy rate and optimise the long-term attractiveness of the assets through its sustainability initiatives.

- In view of the adoption of flexible working arrangement by companies and evolving demand for office space,
   Manager will also continue to pursue investment and capital recycling opportunities.
  - ✓ Further diversify IREIT's asset class exposure and strengthen its income streams.
- At the same time, Manager is exploring various funding options to broaden IREIT's financing sources and flexibility.
