UNAUDITED FINANCIAL STATEMENTS ANNOUNCEMENT OF CDL HOSPITALITY TRUSTS, H-REIT AND ITS SUBSIDIARIES AND HBT AND ITS SUBSIDIARIES FOR THE THIRD QUARTER AND NINE MONTHS ENDED 30 SEPTEMBER 2018

INTRODUCTION

CDL Hospitality Trusts (“CDLHT”) is one of Asia’s leading hospitality trusts with assets valued at S\$2.7 billion. CDLHT is a stapled group comprising CDL Hospitality Real Estate Investment Trust (“H-REIT”), a real estate investment trust, and CDL Hospitality Business Trust (“HBT”), a business trust (collectively the “Group”). CDLHT was listed on the Singapore Exchange Securities Trading Limited on 19 July 2006. M&C REIT Management Limited is the manager of H-REIT, the first hotel real estate investment trust in Singapore, and M&C Business Trust Management Limited is the trustee-manager of HBT.

CDLHT was established with the principal investment strategy of investing in a portfolio of hospitality and/or hospitality-related real estate assets. As at 30 September 2018, CDLHT owns 15 hotels and two resorts comprising a total of 5,002 rooms as well as a retail mall. The properties under CDLHT’s portfolio include:

- (i) six hotels in the gateway city of Singapore comprising Orchard Hotel, Grand Copthorne Waterfront Hotel, M Hotel, Copthorne King’s Hotel, Novotel Singapore Clarke Quay and Studio M Hotel (collectively, the “**Singapore Hotels**”), as well as a retail mall adjoining Orchard Hotel (Claymore Connect);
- (ii) three hotels in Brisbane and Perth, Australia comprising Novotel Brisbane, Mercure Perth and Ibis Perth (collectively, the “**Australia Hotels**”);
- (iii) two hotels in Japan’s gateway city of Tokyo comprising Hotel MyStays Asakusabashi and Hotel MyStays Kamata (collectively, the “**Japan Hotels**”);
- (iv) one hotel in New Zealand’s gateway city of Auckland, namely Grand Millennium Auckland (the “**New Zealand Hotel**”);
- (v) two hotels in United Kingdom (Hilton Cambridge City Centre in Cambridge and The Lowry Hotel in Manchester) (the “**UK Hotels**”);
- (vi) one hotel in Germany’s gateway of Munich, namely Pullman Hotel Munich (the “**German Hotel**”); and
- (vii) two resorts in Maldives, comprising Angsana Velavaru and Dhevanafushi Maldives Luxury Resort, Managed by AccorHotels (previously known as Jumeirah Dhevanafushi) (collectively, the “**Maldives Resorts**”).

The above portfolio of properties exclude Mercure Brisbane and Ibis Brisbane, which were divested on 11 January 2018.

HBT Group owns Hilton Cambridge City Centre and The Lowry Hotel and is also the master lessee of H-REIT Group’s Japan Hotels and Dhevanafushi Maldives Luxury Resort, Managed by AccorHotels (“Dhevanafushi Maldives Luxury Resort”). It will continue its function as a master lessee of last resort and may undertake certain hospitality and hospitality-related development projects, acquisitions and investments which may not be suitable or deemed suitable for H-REIT.

CDLHT’s distribution policy is to distribute at least 90.0% of its taxable income and all of its tax exempt income (if any), with the actual level of distribution to be determined at the H-REIT Manager’s and HBT Trustee-Manager’s discretion. CDLHT makes distributions to stapled securityholders on a semi-annual basis, with the amount calculated as at 30 June and 31 December each year for the six-month period ending on each of the said dates. Distributions, when paid, will be in Singapore dollars.

Footnotes

- (a) Revenue comprises rental revenue and hotel revenue from CDLHT's properties. Please refer to Section 8 (i), page 26 to 27 of the Announcement.
- (b) Revenue and property expenses for HBT Group have decreased in 3Q 2018 as compared to the corresponding period last year as Dhevanafushi Maldives Luxury Resort has suspended its operations since 1 June 2018 for rebranding works. However, revenue and property expenses increased for YTD Sep 2018 mainly due to the inclusion of the full 9 months' of operating results of The Lowry Hotel (acquired on 4 May 2017) which offset the impact from Dhevanafushi Maldives Luxury Resort closure.
- (c) Property tax of the H-REIT Group was lower in 3Q 2018 and YTD Sep 2018 as compared to the corresponding period last year, arising mainly from revision of prior years' property tax assessments for the Singapore Hotels. In contrast, HBT Group's property tax expenses increased year-on-year ("yoy") for YTD Sep 2018 due to the inclusion of The Lowry Hotel's property tax for the full reporting period.
- (d) CDLHT's other property expenses comprise mainly utilities, insurance and other direct operating expenses. These expenses have increased yoy primarily due to the inclusion of expenses for The Lowry Hotel and Pullman Hotel Munich which were acquired last year.

Also included in other property expenses for YTD Sep 2018 is a write-back of prior year impairment loss of S\$86K relating to the rental receivables of Claymore Connect. In YTD Sep 2017, Claymore Connect recognised an impairment loss of S\$76K which was offset by a write-back of S\$26K relating to rental receivables from its tenants.

- (e) The increase in HBT Trustee-Manager's management fees is attributed to the alignment of its fee structure to H-REIT Manager which was approved by Stapled Securityholders through an Extraordinary General Meeting held on 27 April 2018. With effect from 1 May 2018, HBT Trustee-Manager's management fees comprises a base fee of 0.25% per annum of the value of HBT's deposited property and a performance fee of 5.0% per annum of HBT's net property income.

MONTHS ENDED 30 SEPTEMBER 2018**

- (f) *The depreciation, amortisation and impairment losses for CDLHT mainly relate to property, plant and equipment of the Japan and UK Hotels and Dhevanafushi Maldives Luxury Resort.*

- (i) *The goodwill impairment in 3Q 2017 and YTD Sep 2017 arose from a purchase price allocation exercise performed for the acquisition of The Lowry Hotel.*
- (g) *Other trust expenses comprise mainly professional fees and administrative expenses. CDLHT recorded lower fees and administrative expenses in YTD Sep 2018 due mainly to the absence of acquisition related transaction costs incurred last year for The Lowry Hotel. This was partially offset by higher expenses arising from the newly acquired assets, The Lowry Hotel and Pullman Hotel Munich, which accounts for the yoy increase in 3Q 2018.*
- (h) *On 22 December 2017, CDLHT entered into a sale and purchase agreement to sell Mercure Brisbane and Ibis Brisbane in Australia for a total consideration of A\$77.0 million. The sale was completed on 11 January 2018 and CDLHT recognised a gain on disposal of S\$5.4 million.*
- (i) *Non-controlling interests relate to the interest owned by the minority shareholder in relation to Pullman Hotel Munich.*

**UNAUDITED FINANCIAL STATEMENTS ANNOUNCEMENT OF CDL HOSPITALITY TRUSTS,
H-REIT AND ITS SUBSIDIARIES AND HBT AND ITS SUBSIDIARIES FOR THE THIRD QUARTER AND NINE
MONTHS ENDED 30 SEPTEMBER 2018**

- (i)* The intra-group interest income/expenses between H-REIT Group and HBT Group arose from a loan extended by H-REIT to HBT to finance the acquisition of Hilton Cambridge City Centre (“Intra-group loan”). At the end of 3Q 2017, HBT utilised its share of the gross proceeds from the Rights Issue to fully repay the Intra-group loan. Accordingly, no intra-group interest income/expenses were recorded in 3Q 2018 and YTD Sep 2018.
- (ii)* Fair value gain/loss on derivatives relates to the re-measurement of foreign exchange forward contracts to partially hedge H-REIT’s and HBT’s income from overseas as well as a EUR/USD cross-currency interest rate swap contract entered into by H-REIT in 4Q 2017 to partially hedge its interest cost.
- (iii)* The exchange loss of CDLHT for 3Q 2018 and YTD Sep 2018 mainly arose from translation losses from the group’s United States dollar (“USD”) denominated bank loans as well as the depreciation of Australian dollar (“AUD”) receivables and cash balances against SGD. During the comparative period last year, the exchange loss arose mainly from the foreign currency translation loss on the repayment of a New Zealand dollar loan. These exchange differences (apart from those which are revenue in nature) do not have an impact on the distributable income of CDLHT.
- (iv)* The interest paid/payable to banks for 3Q 2018 and YTD Sep 2018 for H-REIT Group were lower yoy mainly due to continued interest savings derived from the repayment of certain loans arising from proceeds raised from CDLHT’s rights issue in 3Q 2017. Interest payable to banks for 3Q 2018 and YTD Sep 2018 for HBT Group was higher due to the recognition of a full period of interest cost (refinanced as a fixed rate 5-year term loan) arising from The Lowry Hotel as compared to only 5 months last year.
- (v)* The amortisation costs in 3Q 2018 and YTD Sep 2018 relate to the amortisation of transaction costs arising from CDLHT’s borrowings.

During the reporting quarter, the Australian Taxation Office (ATO) commenced a tax audit on the Group’s Australian investments. The Group is in the process of compiling its responses to queries raised by ATO. As the audit is in the information gathering stage and the outcome of the audit is uncertain, no provision has been made.

Footnotes

(a) *The Statement of Financial Position of HBT Group comprises the resort operations of Dhevanafushi Maldives Luxury Resort, the Japan Hotels and the UK Hotels (including The Lowry Hotel which was acquired on 4 May 2017).*

(b) *The slight decrease in investment properties at CDLHT was mainly attributed to a net translation loss of S\$13.8 million recorded during the reporting quarter, offset by additional capital expenditure of S\$6.9 million.*

The assets held for sale for H-REIT Group recorded a nil balance following the divestment of Mercure Brisbane and Ibis Brisbane on 11 January 2018.

(c) *The property, plant and equipment at H-REIT Group and HBT Group comprise the Japan Hotels and the UK Hotels respectively.*

The property, plant and equipment at CDLHT comprise the Japan Hotels, Dhevanafushi Maldives Luxury Resort and the UK Hotels. For Dhevanafushi Maldives Luxury Resort, the property is leased by H-REIT’s indirect wholly-owned subsidiary to HBT’s indirect wholly-owned subsidiary. For the Japan Hotels, there is a master lease arrangement between a trust bank in Japan (in its capacity as the trust bank holding the legal title to the Japan Hotels) and HBT’s indirect wholly-owned subsidiary. As these properties are considered property held for use as owner-occupied properties, they are classified as property, plant and equipment instead of investment property in CDLHT’s financial statements.

The increase in property, plant and equipment at CDLHT is mainly due to a net translation gain of S\$2.5 million and net additions of S\$7.2 million for the period, offset by depreciation expenses of S\$8.6 million.

(d) *Movement in financial derivatives arose from fair value changes upon re-measurement of foreign exchange forward contracts and cross-currency interest rate swap.*

(e) *Loans and borrowings of CDLHT of S\$953.7 million (as at 31 December 2017: S\$930.2 million), which are measured at amortised cost, comprise JPY3.1 billion (S\$37.2 million) TMK bond and S\$916.5 million bank borrowings, as explained under Section 1(b)(ii) on pages 12 to 14 of the Announcement.*

In 3Q 2018, an additional S\$10.3 million was drawn from H-REIT’s revolving credit facility for capital expenditures on the Group’s properties including the Dhevanafushi Maldives Luxury Resort’s rebranding renovations.

(f) *Rental deposits relate to rental deposits collected from the Master Lessees and tenants at Claymore Connect, stated at amortised cost.*

(g) *The deferred tax liabilities relate to the Australia, UK and Japan properties. The decrease in liability at CDLHT is mainly due to the divestment of Mercure Brisbane and Ibis Brisbane on 11 January 2018.*

(h) *Trade and other payables for the Group relates mainly to payables for operational and trust expenses. The movement in trade and other payables includes the reversal of over-accruals of acquisition expenses no longer required for the German Hotel under H-REIT Group and increased accruals relating to the Dhevanafushi Maldives Luxury Resort rebranding works in the HBT Group.*

(i) *Non-controlling interests relate to the interest owned by the minority shareholder in relation to the Pullman Hotel Munich (acquired on 14 July 2017).*

Secured TMK bond

The TMK bond included in H-REIT Group relates to 5-year Japanese yen denominated bond of JPY3.1 billion (S\$37.5 million) issued by H-REIT’s indirectly owned subsidiary, CDLHT Hanei Tokutei Mokuteki Kaisha. CDLHT’s interest in Japan Hotels is held via a Tokutei Mokuteki Kaisha (“TMK”) structure, and such TMK structure is required to issue bond to partially fund the acquisition of Japan assets.

The bondholders have a statutory preferred right, under Article 128 of the Japan Asset Liquidation Law, to receive payment of all obligations under the bond prior to other creditors out of the assets of the TMK. Such right shall be junior to the priority of the general statutory lien under the Japan Civil Code. While the assets of TMK are subject to a statutory preferred right, it is not considered a mortgage under Japan laws.

Secured borrowing

In April 2018, H-REIT’s remaining bridge loan initially taken to fund the acquisition of Pullman Hotel Munich (€41.7 million) was refinanced into a €44.0 million 7-year secured fixed rate term loan through a bank loan taken up by its subsidiary, NKS Hospitality I B.V..

The securities include (i) the property, (ii) assignment of the rights and claims under the property’s major contracts such as the lease agreement and insurance policies and (iii) pledge of shares and bank accounts of NKS Hospitality I B.V..

Unsecured medium term note

H-REIT’s wholly-owned subsidiary, CDLHT MTN Pte. Ltd. (the “Issuer”) has in place a S\$1.0 billion Multi-currency Medium Term Note Programme (the “Programme”).

In June 2018, the outstanding medium term notes of S\$120.0 million were refinanced into a 5-year fixed rate term loan.

Unsecured bridge loan

H-REIT and HBT has in place a S\$300.0 million and S\$200.0 million uncommitted multi-currency bridge loan facility with a bank respectively (the “Bridge Loan Facilities”) to fund acquisitions, capital expenditure and working capital requirements.

The Bridge Loan Facilities can be drawn in multiple tranches and each tranche is to be repaid within a maximum period of one year from each draw down date or one year from the first drawn date (where the amount is drawn in multiple tranches).

As at 30 September 2018, the Bridge Loan Facilities are fully available for utilisation.

Footnotes

(a) *The Maldives resorts includes a Master Lease and Managed hotel as follows:*

(i) Master Lease

There is a master lease agreement between H-REIT’s indirect wholly-owned subsidiary, Sanctuary Sands Maldives Private Limited (the “Lessor”) and Maldives Bay Pvt Ltd (the “Lessee”), a subsidiary of Banyan Tree Holdings Limited. The revenue for the reporting period comprises a minimum rent of US\$500,000 per month (based on a current minimum rent of US\$6.0 million per annum).

There is a minimum rent top-up cap of US\$6.0 million and there shall be no further minimum rent top-ups payable by Lessee to Lessor after the cumulative top-ups reach US\$6.0 million. In 3Q 2018 and YTD Sep 2018, the Lessee paid the Lessor a top-up amount of US\$1.3 million and US\$2.1 million (3Q 2017/YTD Sep 2017: US\$1.1 million and US\$1.3 million). As at 30 September 2018, the Lessee paid the Lessor a cumulative top-up amount of US\$4.6 million to make up for the shortfall in rent below the minimum rent of US\$6.0 million. This cumulative top-up will be adjusted once the full year results for the resort are ascertained at year end.

(ii) Managed hotel

There is a lease agreement between H-REIT and HBT’s indirect wholly-owned subsidiaries.

In turn, HBT’s indirect wholly owned subsidiary, CDL HBT Oceanic Maldives Private Limited (“CDL HBT Oceanic”) engaged AccorHotels (previously managed by Jumeirah Management Services (Maldives) Private Limited) to operate the resort. The resort initially operates as Dhevanafushi Maldives Luxury Resort, Managed by AccorHotels, and following enhancements in late 2018, is being repositioned to join the iconic collection of Raffles Hotels and Resorts. As of 1 June 2018, the resort has suspended its operations to commence enhancement works and rebranding exercise.

For the H-REIT Group, the revenue for 3Q 2018 and YTD Sep 2018 includes S\$1.0 million (US\$0.8 million) and S\$3.0 million (US\$2.25 million) rental income from HBT Group respectively. For the HBT Group, the revenue for the reporting period comprises the entire revenue derived from the operations of the resort.

(b) *H-REIT’s indirect wholly-owned subsidiary owns an effective interest of 94.5% in Pullman Hotel Munich, which comprises the hotel and its office and retail components. There is a hotel lease agreement between H-REIT’s indirect subsidiary, NKS Hospitality I B.V. (the “Lessor”) and UP Hotel Operations GmbH & Co. KG (the “Lessee”). Under this lease, H-REIT will receive rent of around 90% of the net operating profit of the hotel, subject to a guaranteed fixed rent of €3.6 million per annum.*

(c) *The Japan Hotels with HBT refers to master lease arrangement between a trust bank in Japan (in its capacity as the trust bank holding the legal title to the Japan Hotels) and CDLHT.*

For H-REIT Group, the revenue for 3Q 2018 and YTD Sep 2018 includes S\$1.2 million (JPY99.6 million) and S\$3.7 million (JPY307.0 million) net rental income received from HBT Group respectively (based on the gross operating profit of the Japan Hotels). The income from Japan Hotels will only be available once the financial results for the fiscal period ended 30 September 2018 are audited and the income ascertained. The fiscal period for the Japan Hotels is set at 6-month intervals, from 1 October to 31 March and 1 April to 30 September. This will allow the income from the Japan Hotels to be distributed twice a year, subject to completion of the audit for the relevant period.

(d) *The UK Hotels includes:*

(i) Hilton Cambridge City Centre

Hilton Cambridge City Centre is owned by HBT’s indirectly wholly-owned subsidiary. The hotel operator for this hotel is Hilton UK Manage Limited.

The revenue for the reporting period comprises the entire revenue derived from the hotel operations. The net property income is derived after deducting the operating expenses, property tax and insurance expenses of the hotel.

(ii) The Lowry Hotel

The Lowry Hotel was acquired on 4 May 2017 and is owned and operated by HBT’s indirectly wholly-owned subsidiary.

The revenue for the reporting period comprises the entire revenue derived from the hotel operations. The net property income is derived after deducting the operating expenses, property tax and insurance expenses of the hotel.

8 (iii) Review of the Performance

Third Quarter ended 30 September 2018

CDLHT posted gross revenue of S\$50.0 million in 3Q 2018, down 8.8% against the same period last year. Increased contribution from Pullman Hotel Munich, coupled with improved operating performance from the Japan Hotels boosted the portfolio's performance. There was also a modest incremental contribution from Claymore Connect due to renewal of leases at higher rental rates and new tenants secured. However, the overall revenue was tempered by the full closure of Dhevanafushi Maldives Luxury Resort and the extensive renovations at Orchard Hotel which weighed on the performance of the Singapore Hotels. Together with the lower contribution from the Singapore and New Zealand hotels, a collective yoy decline of S\$4.4m was posted. The divestment of Mercure Brisbane and Ibis Brisbane on 11 January 2018 also lowered gross revenue by S\$1.1 million.

In Singapore, RevPAR of the Singapore Hotels, excluding Orchard Hotel, increased by 1.3% yoy due to support from a stronger Chinese outbound leisure travel season and the presence of major city-wide events like Singapore International Water Week (Biennial), 51st ASEAN Ministerial Meeting and the F1 Singapore Grand Prix. Notwithstanding this, the trading performance of the Singapore Hotels continued to feel the impact of pricing competition from the new hotels which opened in 4Q 2017. Including Orchard Hotel, RevPAR of the Singapore Hotels was marginally lower by 0.3%. Contribution from Orchard Hotel was affected by the closure of the main lobby and certain public areas (including its all-day dining outlet) for ongoing refurbishment works. Whilst the hotel remains fully operational, the disruption resulted in some revenue loss, particularly from corporate groups.

The Maldives market remained challenging as new supply continued to weigh on the market. Despite this, Angsana Velavaru managed to report a 6.5% yoy RevPAR gain. There was no contribution from Dhevanafushi Maldives Luxury Resort as it will remain closed until the rebranding exercise to a “Raffles” resort is completed towards the end of the year. The resort officially suspended operations from 1 June 2018 to undergo the renovations.

In the absence of revenue contribution from Mercure Brisbane and Ibis Brisbane due to its divestment in January this year, the fixed rental received from the Australian portfolio was correspondingly lower. This was further affected by the weakened local currency against SGD.

For the New Zealand Hotel, the absence of the British & Irish Lions Rugby Tour series which stretched to July last year caused its RevPAR for the quarter to drop by 6.0% yoy despite a better August and September. Furthermore, the hotel's contribution (in SGD terms) was affected by the weaker NZD against SGD.

Strong inbound tourism to Japan led to sustained high occupancies for the hospitality industry. Until May 2018, alternative accommodation such as Airbnb, compromised average room rates. From June 2018, all Airbnb hosts had to obtain a governmental permit in order to operate, forcing over 20,000 accommodation listings in Tokyo to be temporarily suspended until properly permitted. This reduction contributed to the Japan Hotels trading at a RevPAR gain of 5.9% yoy.

Collectively, the UK Hotels reported a slight RevPAR drop of 1.2% yoy. Despite increased rooms supply and new competition, Hilton Cambridge City Centre managed to improve its occupancy levels and its RevPAR while the lower number of events in Manchester, the Presidential Suite being taken out of inventory for renovation, as well as the absence of a one-off high-rated conference group during the period contributed to a RevPAR decline for The Lowry Hotel.

In Germany, a stronger city events calendar along with increased corporate group demand resulted in a 3.9%¹ yoy RevPAR growth for Pullman Hotel Munich.

In aggregate, CDLHT's net property income² for 3Q 2018 decreased S\$4.1 million or 10.2% over the same period last year.

Net finance costs for 3Q 2018 was 14.9% lower than the corresponding period last year, mainly due to fair value gains recognised on the Group's derivatives. These fair value gains do not have any impact on distributable income of CDLHT.

¹ The yoy RevPAR comparison assumes that CDLHT owned Pullman Hotel Munich for the full corresponding period.

² CDLHT's net property income is derived after deducting the operating expenses of Dhevanafushi Maldives Luxury Resort, the Japan Hotels, the UK Hotels, as well as property tax and insurance expenses of the portfolio.

Overall, the total income available for distribution (after retention for working capital) was S\$26.3 million, a decrease of S\$1.1 million or 3.9% against the corresponding period last year. Included therein is a capital distribution of S\$1.8 million (3Q 2017: nil) arising from the Group’s properties. For the reporting quarter, some of the proceeds arising from the sale of Mercure and Ibis Brisbane has been partially utilised to mitigate the net effect arising from this divestment and to offset the sub-optimal performance of Orchard Hotel arising from its renovation exercise.

The distribution per Stapled Security (“DPS”) (after deducting income retained for working capital) for 3Q 2018 was 2.18 cents, 4.8% lower yoy.

Statistics on the weighted average occupancy rate, daily rate and RevPAR for the Singapore Hotels are set out below:

	3Q 2018	3Q 2017	Increase/(Decline)
Average Occupancy Rate	90.8%	88.7%	2.1pp
Average Daily Rate	S\$182	S\$187	(2.6)%
RevPAR	S\$165	S\$166	(0.3)%

Nine months ended 30 September 2018

For YTD Sep 2018, gross revenue increased slightly by S\$0.4 million to S\$149.5 million. This was largely supported by inorganic contribution from The Lowry Hotel and Pullman Hotel Munich as well as higher contribution from Claymore Connect. The Group recognised full revenue contribution from The Lowry Hotel (acquired on 4 May 2017) and Pullman Hotel Munich (acquired on 14 July 2017) which boosted revenue by S\$7.5 million and S\$5.1 million respectively. This improvement was however dampened by the full closure of Dhevanafushi Maldives Resort in June 2018 for renovation works, the Orchard Hotel asset enhancement works and the absence of income contribution from Mercure and Ibis Brisbane following its divestment in January 2018. In addition, contribution from the Group’s other overseas properties and Singapore Hotels continued to be challenged by the competitive landscape and increased room supply.

Throughout the period, occupancy levels benefited from several biennial events such as the Singapore Air Show and Food & Hotel Asia as well as Singapore’s status as host for ASEAN Ministerial Meetings. However, the Singapore hospitality market still remained competitive, with new hotel entrants pricing their average room rates aggressively during low and shoulder periods throughout the year. Accordingly, RevPAR for the Singapore Hotels remained flat yoy. On the other hand, Claymore Connect posted a 9.1% yoy revenue upside due mainly to higher tenant rental contribution. On a portfolio basis, the Singapore assets total revenue dipped slightly by 0.4% yoy.

The Maldives resorts faced challenging trading conditions for YTD Sep 2018, including dampened travel sentiments following the State of Emergency declared in February this year. For YTD Sep 2018, accommodation capacity increased 7.2%³ yoy whilst Chinese tourism arrivals contracted by 6.2%³ yoy. Consequently, Angsana Velavaru posted a yoy RevPAR decline of 8.6%. For Dhevanafushi Maldives Luxury Resort, the renovation is expected to complete at year end.

The predominantly fixed rent structure insulated contributions from the Australia Hotels against the downside pressures of the hospitality markets in Perth and Brisbane. Revenue contribution for YTD Sep 2018 from the Australian Hotels was lower than the same time last year due to the absence of rental income from Mercure Brisbane and Ibis Brisbane following their divestment in January this year. The depreciation of AUD against SGD also contributed to a lower contribution in SGD terms.

 NINE MONTHS ENDED 30 SEPTEMBER 2018**

Having come off a year of robust tourism growth in 2017, RevPAR performance of the New Zealand Hotel fell by 4.1% yoy as a result of the absence of one-off major sporting events, including the British and Irish Lions Rugby Tour series and the World Masters Games this year compared to the same period last year. The hotel’s contribution to CDLHT (in SGD terms) was also affected by higher property tax and the weaker NZD, resulting in a decline of 10.2% yoy.

The Group’s Japan Hotels continued to be impacted by growing Tokyo hotel supply⁴ and the heavy concentration of more budget-conscious inbound visitors from East Asian countries⁵ which collectively added to the continued pressure on average daily rates. This led to a collective RevPAR decline of 1.7% yoy. From June 2018, Airbnb hosts having to obtain a governmental permit to operate has helped in mitigating the supply growth effects. To boost competitive positioning, certain guestrooms were refurbished and reconfigured earlier this year, with stronger rates from the exercise helping to uplift its performance.

RevPAR for Hilton Cambridge City Centre dipped slightly by 0.9% yoy. The inclement cold weather in UK earlier part of the year, which recorded one of the coldest winters on record, along with new market supply in Cambridge, led to softer trading conditions at the hotel. The Lowry Hotel, faced with a lighter event calendar this year, posted a marginal RevPAR decline of 1.0% yoy⁶.

Pullman Hotel Munich’s RevPAR grew by 4.2%⁶ yoy bolstered by demand created by major trade fairs, as well as new room night contribution from an airline crew contract (absent in the first half of last year).

Collectively, net property income⁷ decreased by 3.1% or S\$3.5 million to S\$107.6 million in YTD Sep 2018.

Net finance costs for YTD Sep 2018 were S\$4.5 million lower than the corresponding period last year, mainly due to fair value gains recognised on the Group’s derivatives and the continued interest savings derived from repayment of certain loans arising from proceeds raised from CDLHT’s rights issue in 3Q 2017.

Overall, total income available for distribution (after deducting income retained for working capital) was S\$78.2 million, 2.3% or S\$1.8 million higher than the corresponding period last year. Included therein is a capital distribution of S\$5.7 million (YTD Sep 2017: S\$2.2 million) arising from the Group’s properties. For YTD Sep 2018, some of the proceeds arising from the sale of Mercure and Ibis Brisbane has been partially utilised to mitigate the net effect from this divestment and to offset the sub-optimal performance of Dhevanafushi Maldives Luxury Resort and Orchard Hotel arising from its renovation works.

The distribution per Stapled Security (“DPS”) (after deducting income retained for working capital) increased yoy by 1.6% to 6.49 cents.

9 Variance between the forecast or prospectus statement (if disclosed previously) and the actual results

No forecast has been disclosed.

10 Commentary on the competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months

Singapore continued to attract more inbound tourism for year-to-date (“YTD”) Aug 2018, with total arrivals posting a healthy yoy increase of 7.5% to 12.6 million. Consequently, total visitor days grew 5.5% yoy¹. The growth in visitor arrivals was partly driven by an increase in Chinese and Indian arrivals, and all of Singapore’s top ten source markets also recorded growth.

While overall economic growth is positive, the pace of expansion is expected to moderate going forward and the ongoing trade conflicts between US and other major economies, as well as tightening global financial conditions, present uncertainties for Singapore. To enhance Singapore’s appeal as a tourist destination, the Singapore Tourism Board (“STB”) continues to deepen its marketing efforts through various multi-year partnerships. These include an inaugural three-year agreement with William Reed Business Media to anchor a series of five 50 Best events in Singapore, such as the debut of The World’s 50 Best Restaurants awards in Singapore in 2019²; as well as a tripartite partnership with Costa Cruises and Changi Airport Group, which is expected to bring in over 100,000 international fly-cruise visitors to Singapore over three years³.

On the supply front, Singapore hotel inventory is estimated to increase by 1,961 net rooms⁴ in 2018 and 2019, representing approximately 2.9% of room stock. While the trading environment is likely to remain competitive as new hotels that opened in late 2017 continue to build their market share, supply growth going forward is benign which will be supportive of a recovery in the Singapore hotel sector. For the first 29 days of October 2018, RevPAR for Singapore Hotels increased by 7.2% as compared to the same period last year.

As part of ongoing asset enhancement initiatives (AEIs) and to continually optimise the potential of CDLHT’s assets, Orchard Hotel is currently undergoing renovation to refresh its lobby and augment its food and beverage outlets (namely Orchard Café and Intermezzo Bar), which is expected to complete by end 2018. While the hotel is fully operational, it will face some disruption and revenue loss during the period of works. Of the inventory in Orchard Wing, 260 bedrooms will be renovated progressively from mid November to around 2Q 2019. In addition, all the meeting facilities and the Grand Ballroom will also undergo a significant upgrading, which will enhance Orchard Hotel’s current positioning as one of only four hotels in Singapore with a ballroom that can accommodate 1,000 or more guests. Asset enhancement opportunities in other hotels are being evaluated to better position CDLHT for the recovery in the Singapore hotel sector.

The tourism sector in New Zealand remains healthy with visitor arrivals growing 2.9% to 2.7 million for YTD Sep 2018⁵ and total arrivals is forecast to increase 4.9% for the full year of 2018⁶. With growing hotel supply in Auckland, performance is likely to be moderated going forward. In end 2018, the government will be launching the 2019 China-New Zealand Year of Tourism – an international agreement which focuses on attracting more high-value Chinese visitors⁷, New Zealand’s second largest source market.

Tourism demand in Japan continues to see growth with a 10.7% yoy increase in visitor arrivals to 23.5 million for YTD Sep 2018⁸. The reduction in number of Airbnb listings due to new regulations implemented have partially alleviated supply concerns and should benefit the economy hotel market⁹.

In the Maldives, Dhevanafushi Maldives Luxury Resort is undergoing extensive enhancement works which is expected to complete at year end. Soon after completion, the resort will be relaunched as the first flagship “Raffles Hotels & Resorts” property in the Maldives and there will be a gestation period before the performance stabilises. Refurbishment works are also being planned for 28 land villas in Angsana Velavaru. These AEs are expected to improve the product offerings of both resorts, amidst recovering growth in arrivals from European markets¹⁰. While there is intensified competition from increase in new resorts supply, the government has announced new steps to maintain a structured growth in tourism, including a slowdown in leasing islands for resort development and increased marketing efforts in key markets such as China and the Middle East¹¹.

The UK economy is seeing steady growth but Brexit uncertainty may continue to pose headwinds¹². The Presidential Suite at The Lowry Hotel, which is important to grow the entertainment business, has completed its renovation. There are also plans to upgrade the public areas, which will enhance its position as one of the top hotels in Manchester amidst new supply growth in the city.

International arrivals to Munich recorded a healthy yoy growth of 6.1% to 2.4 million for YTD Aug 2018¹³. While there is growth in hotel inventory in Munich, demand in the hospitality market is well-supported by the city’s events calendar.

With ample debt headroom and a strong balance sheet, CDLHT will continue to actively pursue suitable acquisitions to diversify and augment its income streams. Should suitable divestment opportunities arise, CDLHT will continue to evaluate such divestment opportunities to unlock underlying asset values and/or recycle capital for better returns.

The management of M&C REIT Management Limited (the "Manager" of H-REIT) is responsible for the preparation and presentation of this Interim Financial Information in accordance with the recommendations of Statement of Recommended Accounting Practice ("RAP") 7 *Reporting Framework for Unit Trusts* relevant to interim financial information, issued by the Institute of Singapore Chartered Accountants ("ISCA"). Our responsibility is to express a conclusion on this Interim Financial Information based on our review.

Scope of review

We conducted our review in accordance with Singapore Standard on Review Engagements 2410 *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Singapore Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying Interim Financial Information is not prepared, in all material respects, in accordance with the recommendations of RAP 7 *Reporting Framework for Unit Trusts* relevant to interim financial information issued by the ISCA.

Restriction on use

Our report is provided in accordance with the terms of our engagement. Our work was undertaken so that we might report to you on the Interim Financial Information for the purpose of assisting CDLHT to meet the requirements of paragraph 3 of Appendix 7.2 of the Singapore Exchange Limited Listing Manual and for no other purpose. Our report is included in CDLHT's announcement of its financial statements for the information of the holders of its Stapled Securities. Singapore, 30 October 2018 – CDL Hospitality Trusts (“CDLHT” or the “Group”), a stapled group comprising CDL Hospitality Real Estate Investment Trust (“H-REIT”), a real estate investment trust, and CDL Hospitality Business Trust (“HBT”), a business trust, today announced its results for the third quarter (“3Q 2018”) and nine months (“YTD Sep 2018”) ended 30 September 2018.

Financial Highlights:

<i>Note: Two Brisbane hotels were divested in January 2018 and one Maldives resort has been temporarily closed since June 2018 for renovation</i>	1 Jul 2018 to 30 Sep 2018 S\$'000 ("3Q 2018")	1 Jul 2017 to 30 Sep 2017 S\$'000 ("3Q 2017")	Increase/ (Decrease) (%)	1 Jan 2018 to 30 Sep 2018 S\$'000 ("YTD Sep 2018")	1 Jan 2017 to 30 Sep 2017 S\$'000 ("YTD Sep 2017")	Increase/ (Decrease) (%)

Third Quarter ended 30 September 2018

In 3Q 2018, CDLHT recorded NPI of S\$36.2 million, a decrease of 10.2% as compared to 3Q 2017. This was mainly due to the absence of contribution from three properties – namely Mercure Brisbane and Ibis Brisbane, which were divested in January 2018, and Dhevanafushi Maldives Luxury Resort, which has been temporarily closed since June 2018 for renovations. There was also lower NPI contribution from Singapore, UK and New Zealand (which was also affected by a weaker NZD). Singapore’s performance was affected by Orchard Hotel’s asset enhancement exercise. These were partially offset by increased NPI contribution from Pullman Hotel Munich and the Japan Hotels, which performed well, as well as Claymore Connect.

CDL HOSPITALITY TRUSTS

Interest expense for 3Q 2018 was lower by S\$0.6 million or 9.5% mainly due to the repayment of certain loans with the proceeds from CDLHT's rights issue in 3Q 2017, which resulted in interest savings.

Overall, CDLHT recorded total distribution to Stapled Securityholders (after retention for working capital) of S\$26.3 million and DPS of 2.18 cents for 3Q 2018¹.

Nine months ended 30 September 2018

For YTD Sep 2018, NPI decreased 3.1% to S\$107.6 million, mainly due to the absence of contribution from Mercure Brisbane, Ibis Brisbane and Dhevanafushi Maldives Luxury Resort. The New Zealand and Japan hotels also recorded lower contribution, which were also affected by a weaker NZD and JPY. The decline in NPI was largely mitigated by inorganic contribution from The Lowry Hotel and Pullman Hotel Munich, as well as incremental contribution from the Singapore portfolio and Hilton Cambridge City Centre.

Interest expense for YTD Sep 2018 was lower by S\$2.0 million or 11.7% mainly due to interest savings as a result of repayment of certain loans with the proceeds from CDLHT's rights issue in 3Q 2017.

Overall, total distribution to Stapled Securityholders (after retention for working capital) for YTD Sep 2018² increased 2.3% year-on-year ("yoy") to S\$78.2 million and DPS was 6.49 cents, 1.6% higher than YTD Sep 2017.

Mr Vincent Yeo, Chief Executive Officer of CDLHT's managers, said, "We are experiencing a transitional period as we are conducting significant refurbishment works for two of our properties and seeking opportunities to recycle capital from our earlier divestment. Looking ahead, our core portfolio in Singapore is poised to benefit from the recovery in the hotel sector. We will continue to focus on executing asset enhancement opportunities to maximize the long term potential of our hotels. For instance, Orchard Hotel, which is the largest hotel in our Singapore portfolio, will see a significantly improved product offering when the asset enhancement works are completed."

Review of Portfolio's Performance and Outlook

The combined weighted average statistics for CDLHT's Singapore Hotels are as follows²:

	3Q 2018	3Q 2017	Increase/ (Decrease)	YTD Sep 2018	YTD Sep 2017	Increase/ (Decrease)
Average Occupancy Rate	90.8%	88.7%	2.1pp	87.3%	87.8%	(0.5)pp
Average Daily Rate	S\$182	S\$187	(2.6)%	S\$183	S\$182	0.6%
Revenue per Available Room ("RevPAR")	S\$165	S\$166	(0.3)%	S\$160	S\$160	(0.1)%

Singapore

In Singapore, RevPAR of the Singapore Hotels for 3Q 2018, excluding Orchard Hotel, increased by 1.3% yoy due to support from a stronger Chinese outbound leisure travel season and the presence of major city-wide events like Singapore International Water Week (Biennial), 51st ASEAN Ministerial Meeting and the F1 Singapore Grand Prix. While Orchard Hotel remains fully operational, the ongoing refurbishment works affected its income contribution. Therefore, including Orchard Hotel, RevPAR of the Singapore Hotels was marginally lower by 0.3% for 3Q 2018.

¹ Contribution from Japan Hotels for 3Q 2018 is not included in the distribution as there is a time lag between the distribution being made and the completion of audit and tax filing

CDL HOSPITALITY TRUSTS

On the supply front, Singapore hotel inventory is estimated to increase by 1,961 net rooms³ in 2018 and 2019, representing approximately 2.9% of room stock. While the trading environment is likely to remain competitive as new hotels that opened in late 2017 continue to build their market share, supply growth going forward is benign which will be supportive of a recovery in the Singapore hotel sector.

For year-to-date (“YTD”) August 2018, international visitor arrivals to Singapore increased 7.5% yoy to 12.6 million and total visitor days grew 5.5% yoy⁴. The growth in visitor arrivals was partly driven by an increase in Chinese and Indian arrivals, and all of Singapore’s top ten source markets also recorded growth.

To enhance Singapore’s appeal as a tourist destination, the Singapore Tourism Board (“STB”) continues to deepen its marketing efforts through various multi-year partnerships. These include an inaugural three-year agreement with William Reed Business Media to anchor a series of five 50 Best events in Singapore, such as the debut of The World’s 50 Best Restaurants awards in Singapore in 2019⁵; as well as a tripartite partnership with Costa Cruises and Changi Airport Group, which is expected to bring in over 100,000 international fly-cruise visitors to Singapore over three years⁶.

In Orchard Hotel, the lobby and its food and beverage outlets (namely Orchard Café and Intermezzo Bar) is currently under renovation and is expected to complete by end 2018. Of the inventory in the Orchard wing, 260 guest rooms will be renovated progressively from mid November 2018 to around 2Q 2019. In addition, all the meeting facilities and the Grand Ballroom will also undergo a significant upgrading, which will enhance Orchard Hotel’s current positioning as one of only four hotels in Singapore with a ballroom that can accommodate 1,000 or more guests.

Overseas Markets

The tourism sector in New Zealand remains healthy with visitor arrivals growing 2.9% to 2.7 million for YTD Sep 2018⁷ and total arrivals is forecast to increase 4.9% for the full year of 2018⁸. For Grand Millennium Auckland, the absence of the British & Irish Lions Rugby Tour series which stretched to July last year caused its RevPAR for 3Q 2018 to drop by 6.0% yoy despite a better August and September. In end 2018, the government will be launching the 2019 China-New Zealand Year of Tourism – an international agreement which focuses on attracting more high-value Chinese visitors⁹, New Zealand’s second largest source market.

Tourism demand in Japan continues to see growth with a 10.7% yoy increase in visitor arrivals to 23.5 million for YTD Sep 2018¹⁰, leading to sustained high occupancies for the hotel industry. From June 2018, all Airbnb hosts had to obtain a governmental permit in order to operate due to new regulations, forcing many accommodation listings in Tokyo to be temporarily suspended until a permit is granted. As such, RevPAR for the Japan Hotels improved by 5.9% yoy in 3Q 2018. The reduction in Airbnb listings have partially alleviated supply concerns and should benefit the economy hotel market¹¹.

In the Maldives, increase in new resorts supply intensified competition. Despite this, RevPAR for Angsana Velavaru improved 6.5% yoy for 3Q 2018. On the demand side, total arrivals to the Maldives increased in 2018 and the European markets saw a recovery in growth¹². Looking ahead, the Maldives government has also announced new steps to maintain a structured growth in tourism, including a

slowdown in leasing islands for resort development and increased marketing efforts in key markets such as China and the Middle East¹³.

The ongoing extensive enhancement works for Dhevanafushi Maldives Luxury Resort in preparation for its relaunch as the first flagship “Raffles Hotels & Resorts” property in the Maldives is expected to complete at year end. Refurbishment works are also being planned for 28 land villas in Angsana Velavaru. These asset enhancements are expected to improve the product offerings of both resorts.

In 3Q 2018, Hilton Cambridge City Centre achieved RevPAR improvement despite new competition from increased rooms supply in the city. For The Lowry Hotel, RevPAR for the quarter was lower due to fewer number of events in Manchester, the Presidential Suite being taken out of inventory for renovation, as well as the absence of a one-off high-rated conference group during the period. The Presidential Suite at The Lowry Hotel, which is important to grow the entertainment business, has completed its renovation and there are also plans to upgrade the public areas and other facilities, which will enhance its position as one of the top hotels in Manchester. Collectively, the UK Hotels reported a slight yoy RevPAR dip of 1.2%. The UK economy is seeing steady growth but Brexit uncertainty may continue to pose headwinds¹⁴.

International arrivals to Munich recorded a healthy yoy growth of 6.1% to 2.4 million for YTD Aug 2018¹⁵. A stronger city events calendar continued to feature well for Munich in 3Q 2018 along with increased corporate group demand, resulting in Pullman Hotel Munich posting a healthy yoy RevPAR growth of 3.9%. While there is impending near term growth in hotel inventory, demand in the hospitality market is well-supported by Munich’s events calendar¹⁶.

Mr Yeo concluded: “Our strong balance sheet and ample debt headroom puts us in good stead to continue sourcing for acquisitions to enhance our returns to Stapled Securityholders and further diversify our income.”

As at 30 September 2018, CDLHT has a gearing of 33.8% and regulatory debt headroom of S\$572 million.

- There was no contribution from DMLR as it has been closed since Jun 2018 for renovation
- Total arrivals to Maldives increased in 2018 and the European markets continued to see a recovery in growth ⁽¹⁾
- The Maldives government has also announced new steps to maintain a structured growth in tourism, including a slowdown in leasing islands for resort development and increased marketing efforts in key markets such as China and the Middle East ⁽³⁾

CDLHT Japan Hotels Performance

CDL HOSPITALITY TRUSTS

- Tourism demand in Japan continues to see growth with a 10.7% YoY increase in visitor arrivals to 23.5 million for YTD Sep 2018 ⁽¹⁾, leading to sustained high occupancies for the hotel industry
- From Jun 2018, all Airbnb hosts had to obtain a governmental permit in order to operate due to new regulations implemented, forcing many accommodation listings in Tokyo to be temporarily suspended until permit is granted
- As such, RevPAR for the Japan Hotels improved by 5.9% YoY in 3Q 2018
- The reduction in Airbnb listings have partially alleviated supply concerns and should benefit the economy hotel market ⁽²⁾

CDL HOSPITALITY TRUSTS

- Despite new competition from increased rooms supply in the city, Hilton Cambridge City Centre achieved RevPAR improvement during the quarter
- RevPAR for The Lowry Hotel declined for the quarter due to fewer number of events in Manchester, the Presidential Suite being taken out of inventory for renovation, as well as the absence of a one-off high-rated conference group during the period
- Collectively, RevPAR for the UK Hotels was slightly lower by 1.2% YoY for 3Q 2018

- NPI contribution was also affected by a weaker NZD
- The 2019 China-New Zealand Year of Tourism will be launched in end 2018 – an international agreement which focuses on attracting more high-value Chinese visitors ⁽²⁾, New Zealand's second largest source market
